(57) **CLAIM**

The ornamental design for a down-socket adaptor for a portable harp system lamp, as shown and described.

DESCRIPTION

FIG. 1 is perspective view of the down-socket adaptor for a portable harp system lamp embodying our design; FIG. 2 is a front elevational view of the adaptor of FIG. 1, with the rear elevational view being a mirror image thereof; FIG. 3 is a left side elevational view thereof, with the right side elevational view being a mirror image thereof; FIG. 4 is a top plan view thereof; and, FIG. 5 is a bottom plan view thereof. The broken line illustration of exemplary light bulbs in the down-sockets of the design are environmental and are not part of the adaptor design sought to be patented.

1 Claim, 5 Drawing Sheets

FIG. 1

FIG. 2

FIG. 3

FIG. 4

FIG. 5
