(57) **CLAIM**

The ornamental design for a phone display screen with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a first embodiment of a phone display screen with graphical user interface.
FIG. 2 is a front view of a first embodiment of a phone display screen with graphical user interface.
FIG. 3 is a front view of a second embodiment of a phone display screen with graphical user interface; and,
FIG. 4 is a front view of a second embodiment of a phone display screen with graphical user interface.
The broken lines showing a display screen and elements of the graphical user interface illustrate portions of the article, and form no part of the claimed design.

1 Claim, 4 Drawing Sheets
