(57) **CLAIM**

The ornamental design for a display screen or portion thereof with animated graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a first image of a sequence for a display screen or portion thereof with animated graphical user interface;

FIG. 2 is a front view of the second image thereof;

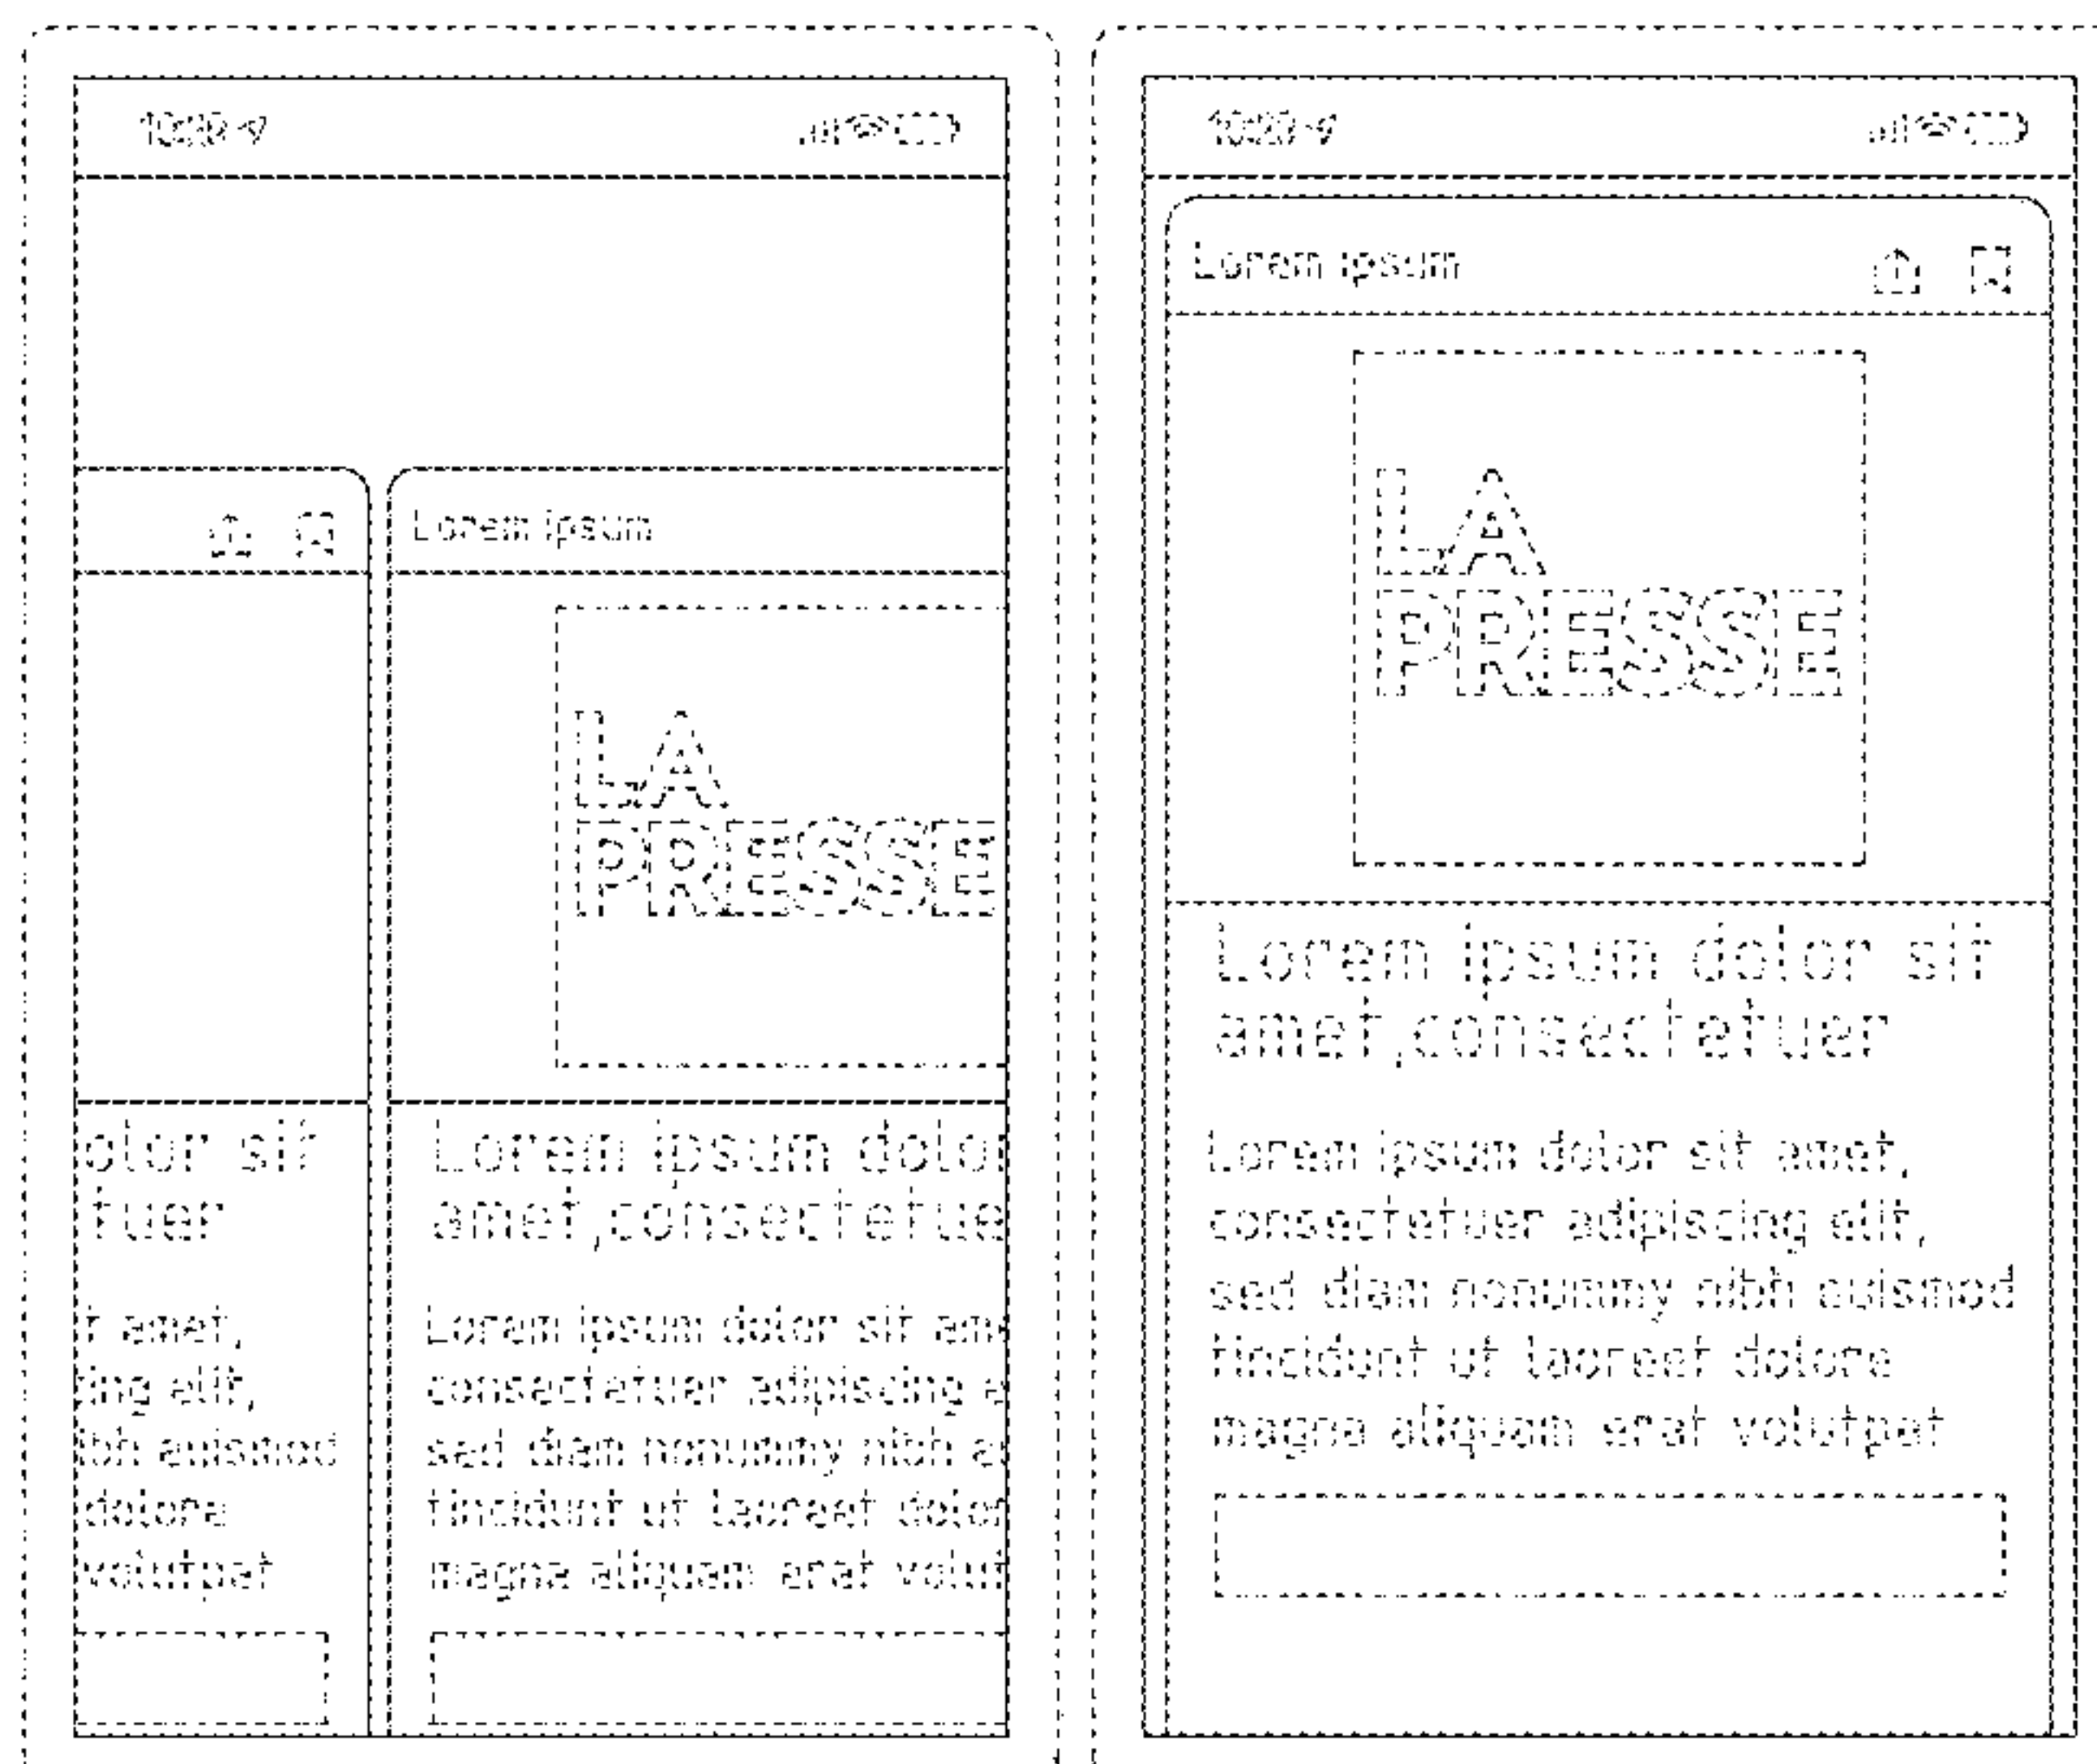

FIG. 3 is a front view of the third image thereof; and,

FIG. 4 is a front view of the fourth image thereof.

The broken line at the periphery of the figures illustrates the display screen and electronic device, and the remaining broken lines illustrate portions of the animated graphical user interface. None of the broken lines form part of the claimed design.

The process or period in which one image transitions to another image forms no part of the claimed design.
