(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

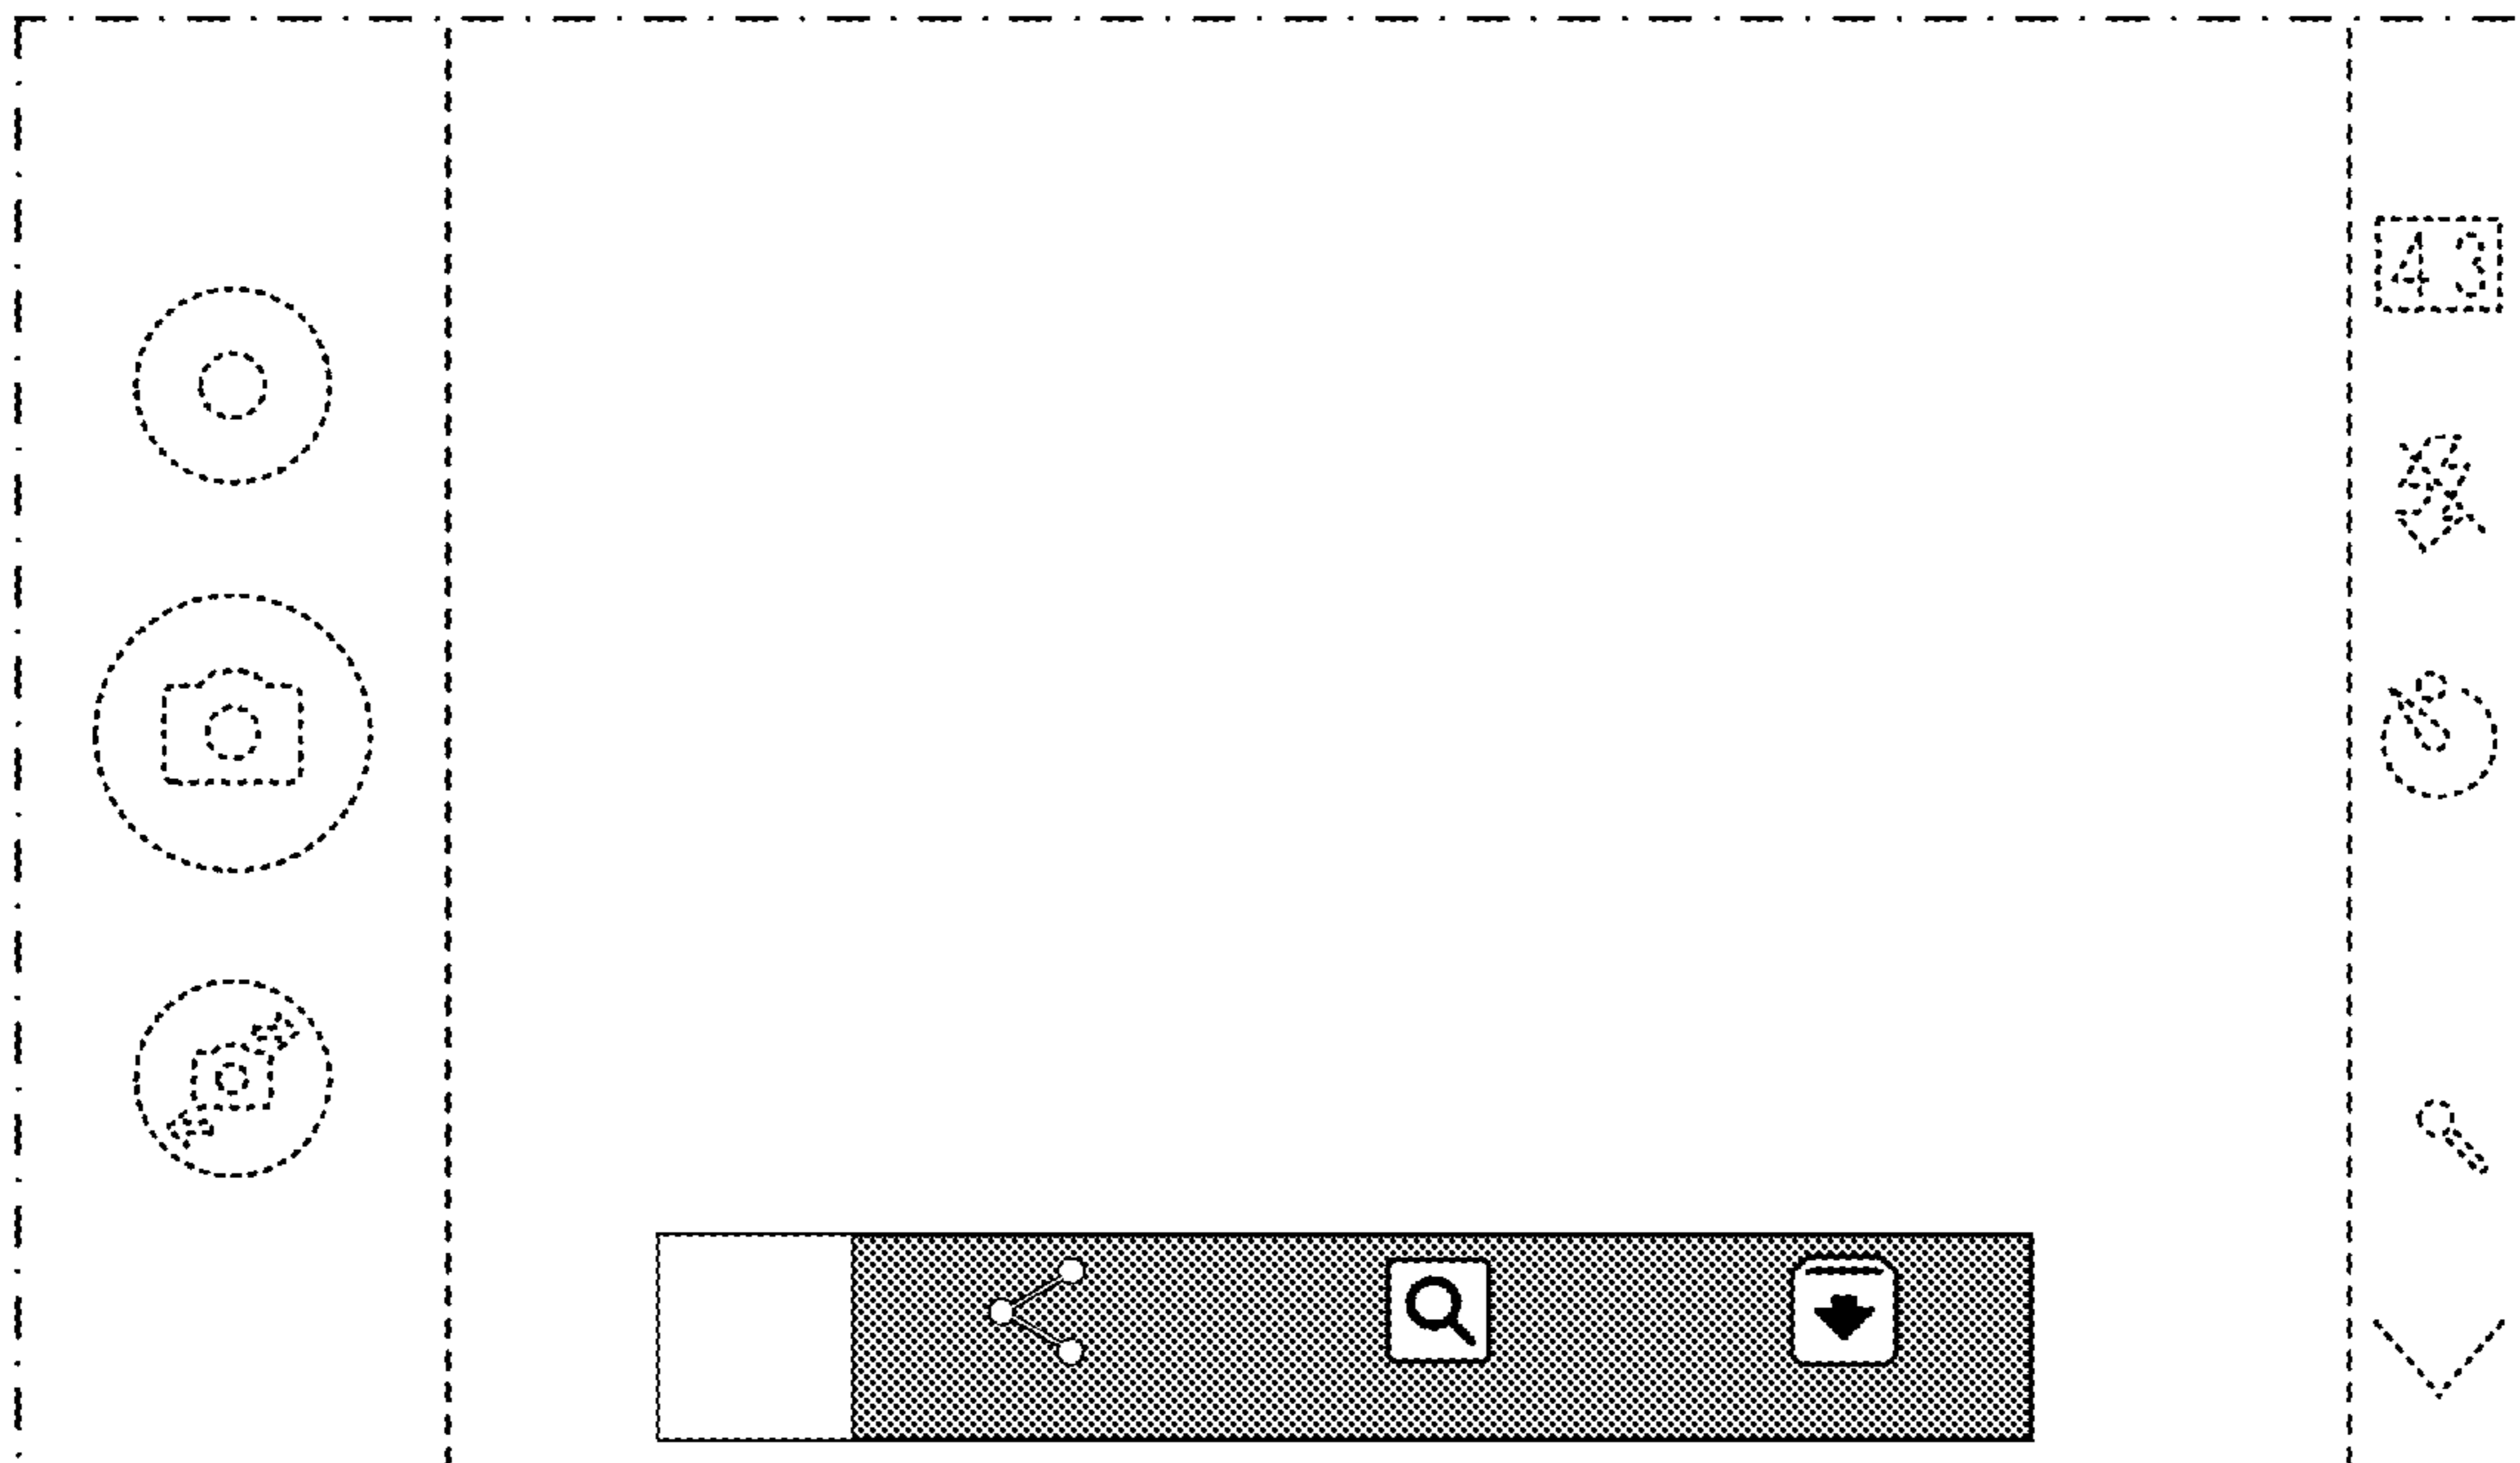

DESCRIPTION

FIG. 1 is a front view of a first embodiment of a display screen with graphical user interface, showing our new design, wherein the display screen is in a landscape orientation; and,

FIG. 2 is a second front view thereof, wherein the display screen is in a portrait orientation.

The broken lines of uneven length show the display screen and form no part of the claimed design. The broken lines of even length show portions of the graphical user interface and form no part of the claimed design.

1 Claim, 2 Drawing Sheets

FIG. 1

FIG. 2
