(57) **CLAIM**

The ornamental design for a compact lint roller, as shown and described.

DESCRIPTION

FIG. 1 is a side view of the compact lint roller with the hollow handle configured over the adhesive roll retainer portion;

FIG. 2 is a side view of the compact lint roller with the handle detached from the adhesive roll retainer portion for ease of illustration;

FIG. 3 is a side view of the compact lint roller with the handle attached to the adhesive roll retainer portion extending as a handle;

FIG. 4 is a perspective view of the compact lint roller with the handle attached to the adhesive roll retainer portion extending as a handle;

FIG. 5 is a side view of the compact lint roller with the handle and end cap detached from the adhesive roll retainer portion for ease of illustration; and,

FIG. 6 is a side view of the compact lint roller with the handle attached to the adhesive roll retainer portion and an adhesive roll retained on the adhesive roll retainer portion. The adhesive roll shown in FIG. 6 is shown in broken lines and forms no part of the claimed design.

1 Claim, 6 Drawing Sheets
