(57) **CLAIM**

The ornamental design for a decorative shroud for a coolant radiator with flush fit fan, as shown and described.

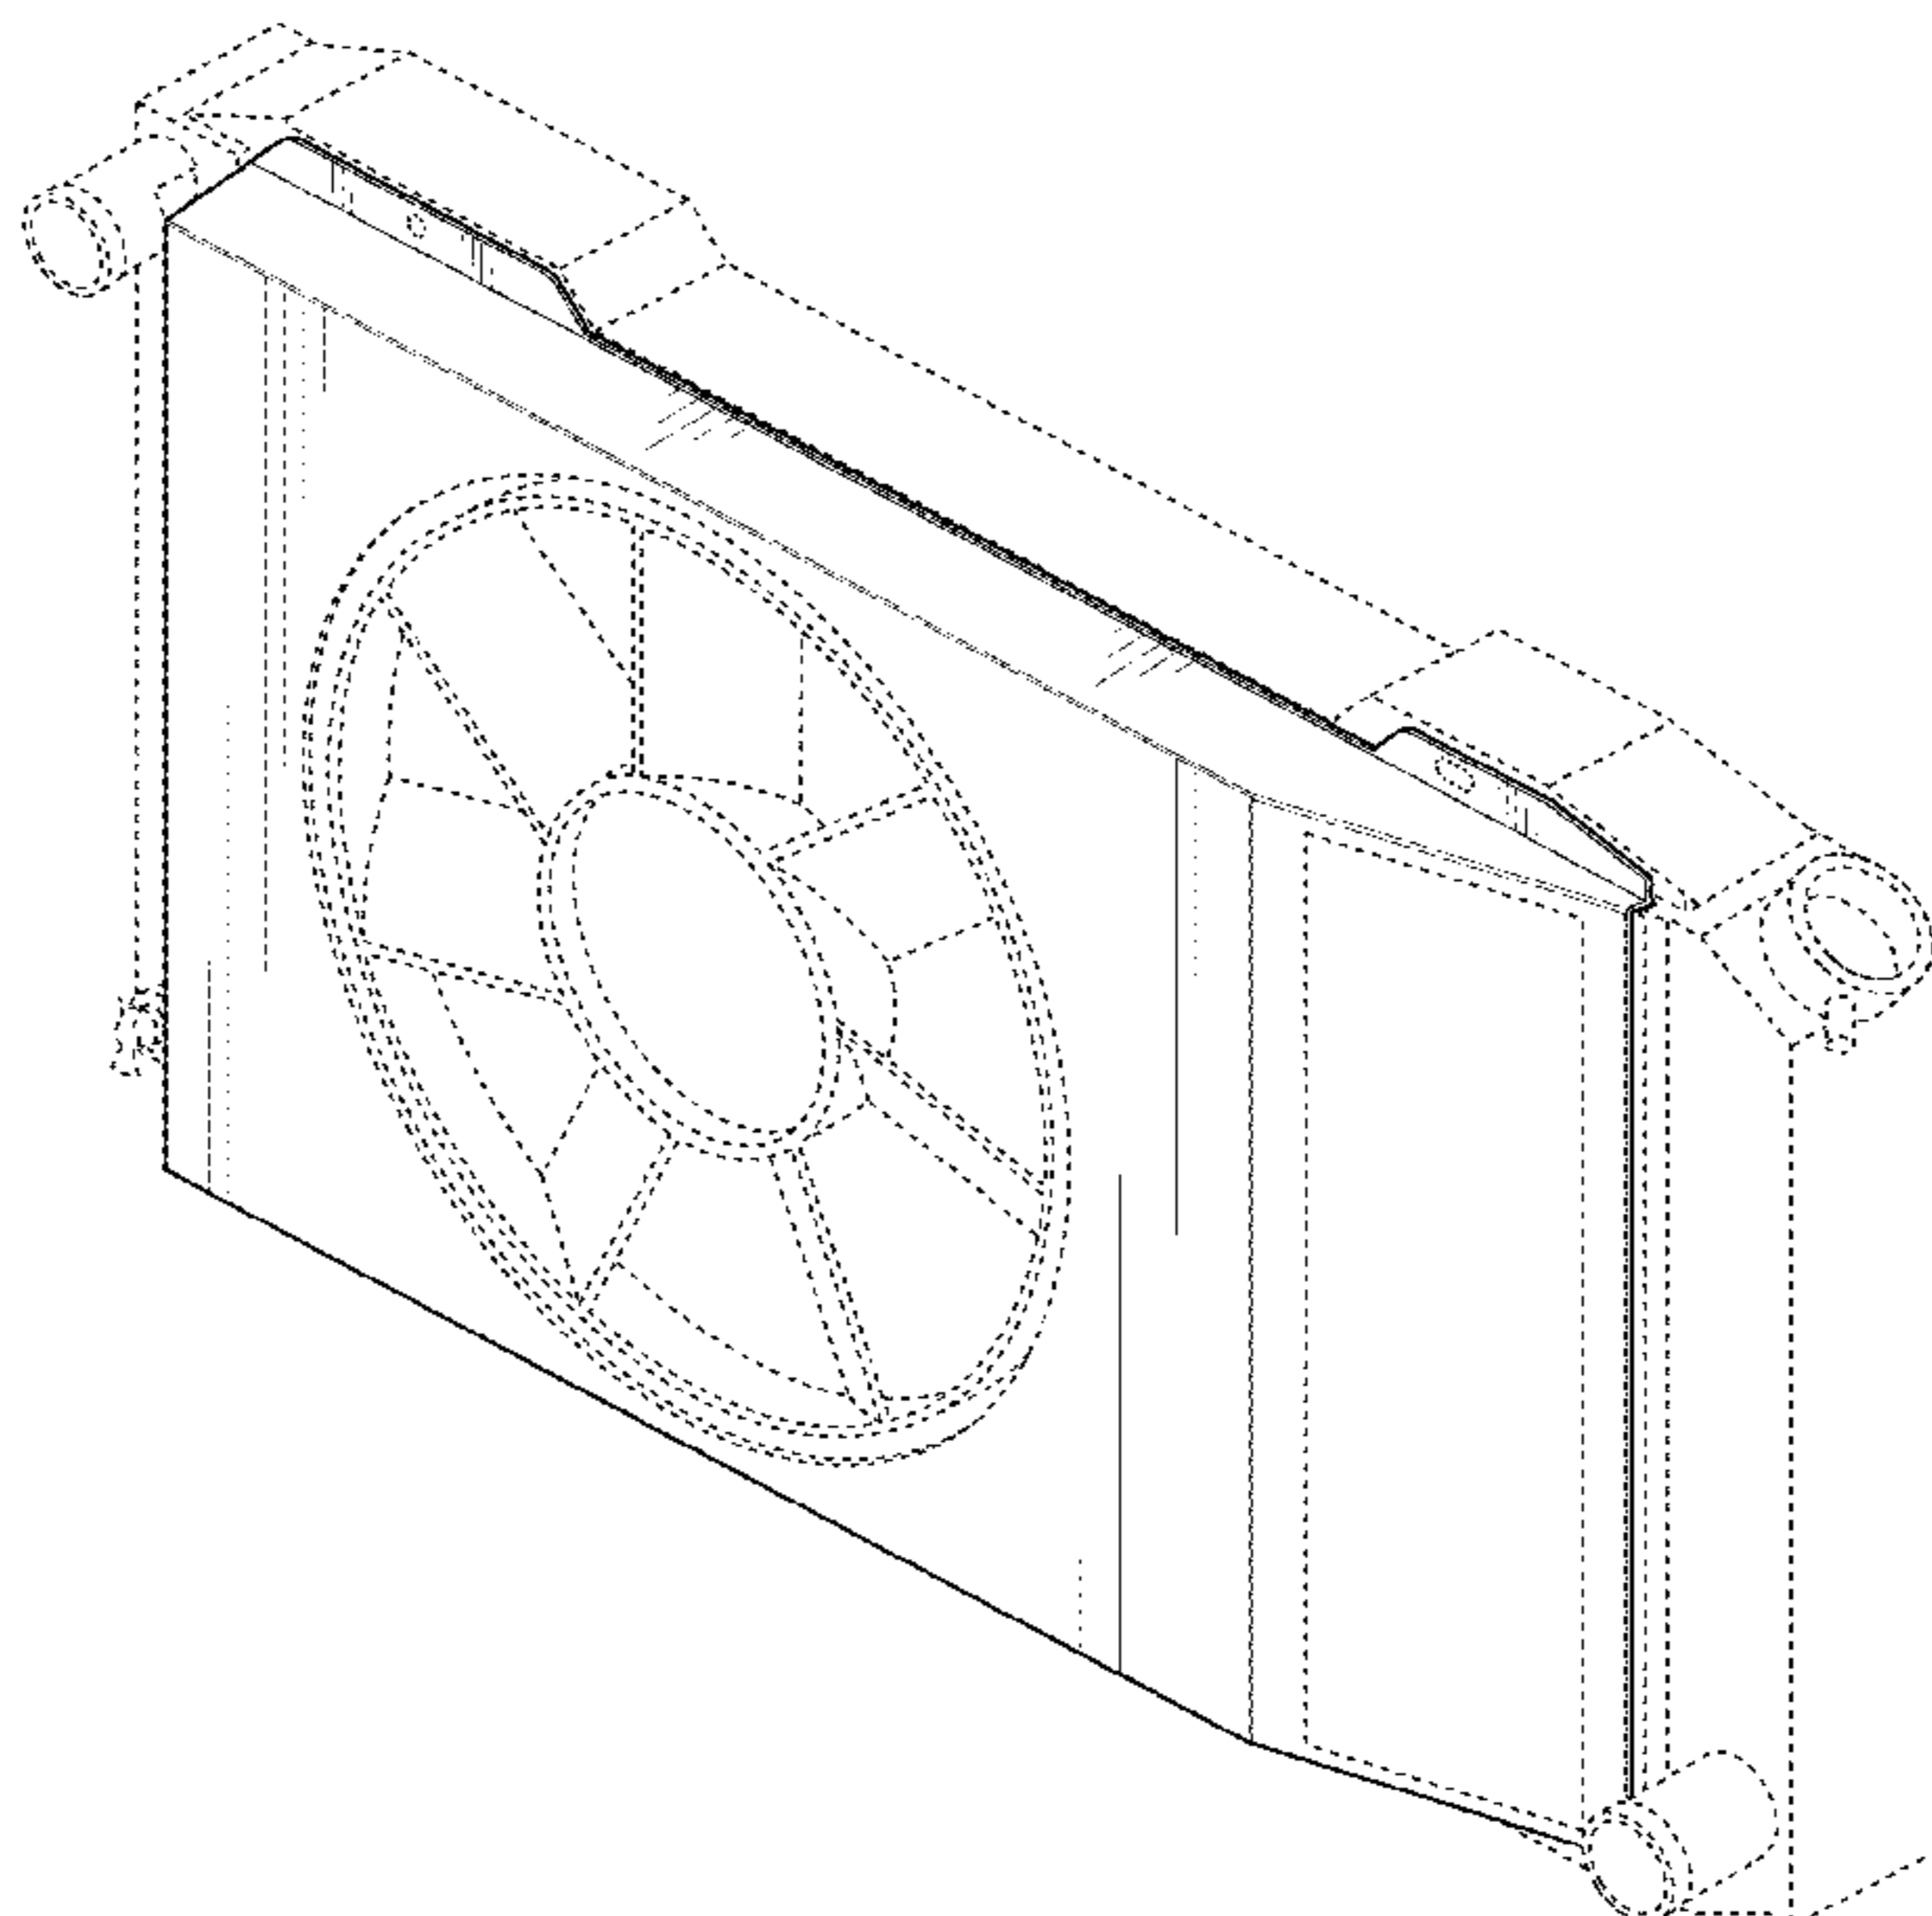

DESCRIPTION

FIG. 1 is front perspective view of a decorative shroud according to the present invention shown for context affixed to a coolant radiator and accompanying flush-fit fan in broken lines;

FIG. 2 is front perspective view of the decorative shroud; FIG. 3 is rear perspective view of the decorative shroud; FIG. 4 is a front elevation view of the decorative shroud; FIG. 5 is a rear elevation view of the decorative shroud; FIG. 6 is a left side elevation view of the decorative shroud; FIG. 7 is a right side elevation view of the decorative shroud; FIG. 8 is a top plan view of the decorative shroud; and, FIG. 9 is a bottom plan view of the decorative shroud.

The broken lines in the drawings illustrate an air flow opening and portions of the decorative shroud that form no part of the claimed design. The broken line showing of the flush-fit fan unit is provided for the purpose of illustrating environmental structure and does not form part of the claimed design.
