(57) **CLAIM**

The ornamental design for an electronic device with animated graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a first embodiment of a display screen or portion thereof with animated graphical user interface showing a first image of the claimed design;

FIG. 2 is a second image thereof;

FIG. 3 is a third image thereof;

FIG. 4 is a fourth image thereof;

FIG. 5 is a front view of a second embodiment of a display screen or portion thereof with animated graphical user interface showing a first image of the claimed design;

FIG. 6 is a second image thereof;

FIG. 7 is a third image thereof;

FIG. 8 is a fourth image thereof; and

FIG. 9 is a front view of a third embodiment thereof showing an electronic device having a display screen with the first image of the animated graphical user interface of FIGS. 1-4 applied to the display screen.

FIG. 10 is a second image thereof;

FIG. 11 is a third image thereof;

FIG. 12 is a fourth image thereof;

FIG. 13 is a fourth embodiment thereof showing an electronic device having a display screen with the first image of the animated graphical user interface of FIGS. 5-8 applied to the display screen.

FIG. 14 is a second image thereof;

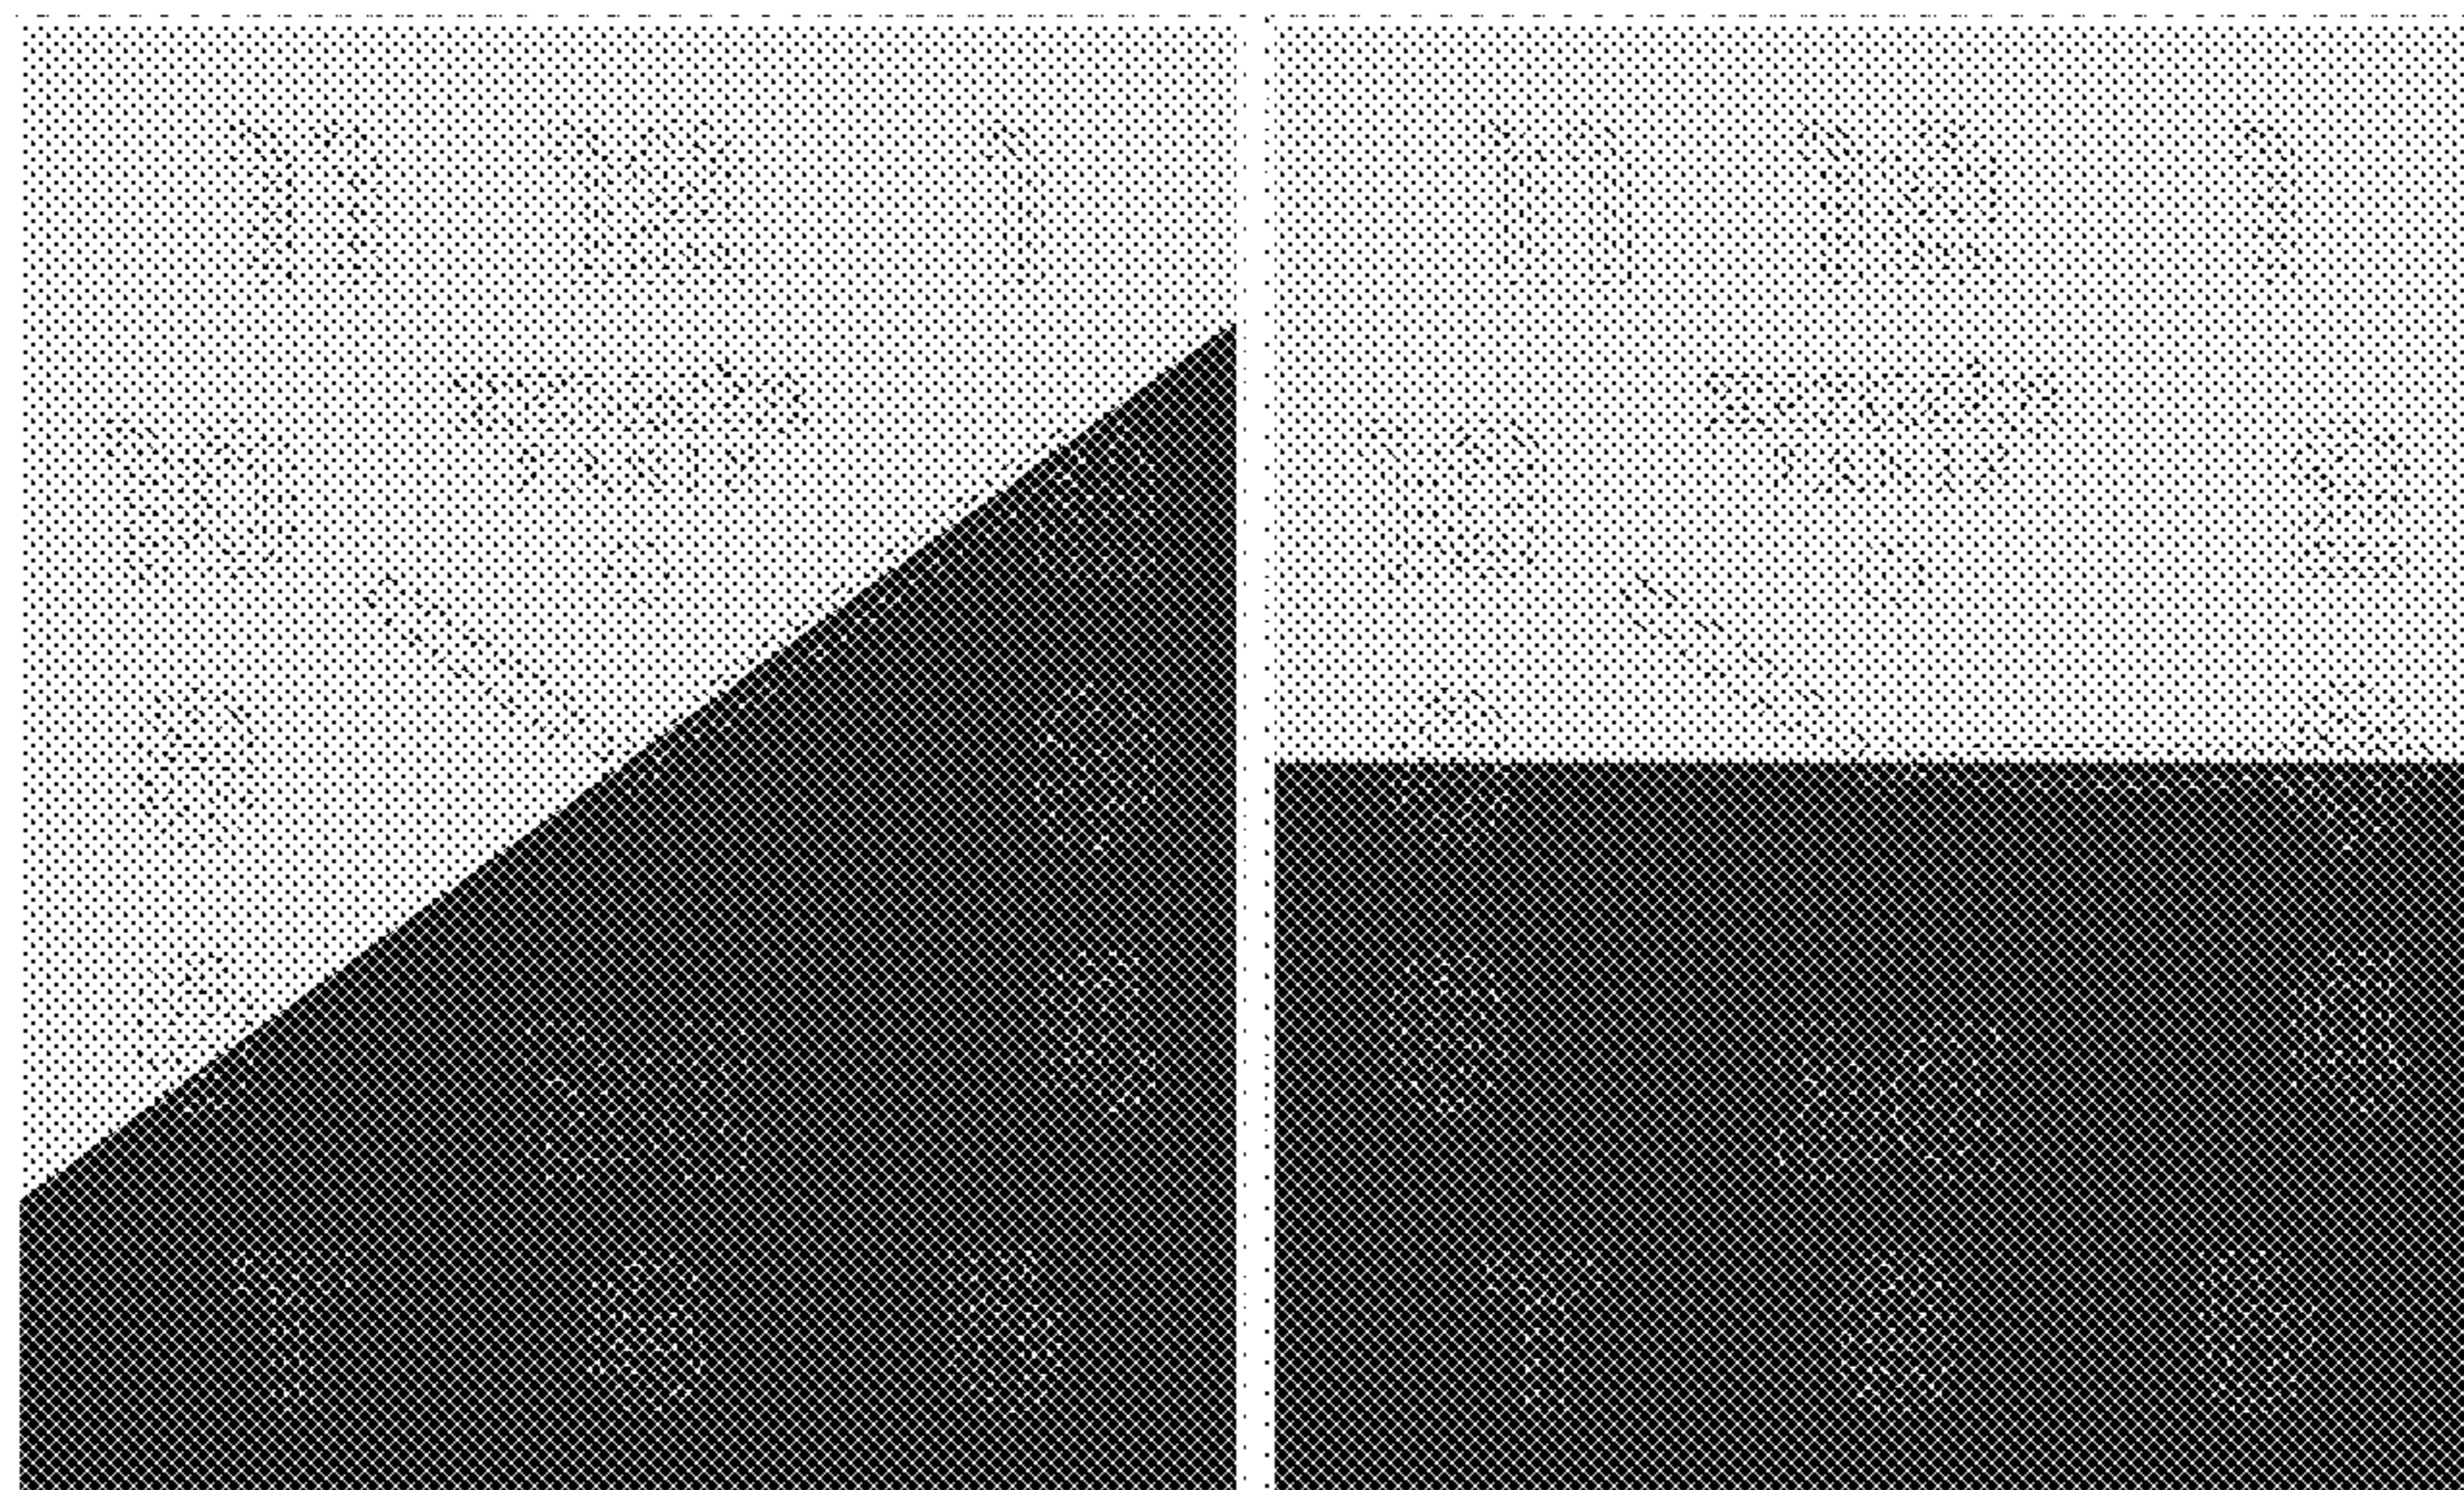

FIG. 15 is a third image thereof; and

FIG. 16 is a fourth image thereof.

The outer broken lines in FIGS. 1-16 show a display screen or portion thereof, or an electronic device having a display screen, and form no part of the claimed design. The other broken lines in FIGS. 1-16 show portions of the animated graphical user interface that form no part of the claimed design.

The appearance of the animated image sequentially transitions between the images shown in FIGS. 1-4, 5-8, 9-12, and 13-16. The process or period in which one image transitions to another forms no part of the claimed design.

1 Claim, 16 Drawing Sheets
