The patent or application file contains a least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee. The FIGURE is a front view of a display screen or portion thereof with graphical user interface showing our new design.

See application file for complete search history.

The broken lines form no part of the claimed design. The outer rectangle in broken lines is included to show an unclaimed portion of an example display screen and forms no part of the claimed design. The portions of the graphical user interface shown in broken lines form no part of the claimed design.
