(57) **CLAIM**

The ornamental design for a display screen with a transitional graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen with a transitional graphical user interface showing my new design separately in an example environment for completeness of illustration; FIG. 2 is an enlarged view of the display screen of FIG. 1 with a first image; FIG. 3 is an enlarged view thereof with a second image; FIG. 4 is an enlarged view thereof with a third image; FIG. 5 is an enlarged view thereof with a fourth image; and, FIG. 6 is an enlarged view thereof with a fifth image. The outermost broken lines in FIG. 1 illustrate an electronic device, the broken line at the periphery of the graphical user interface illustrates the display screen, and the remaining broken lines illustrate portions of the transitional graphical user interface. None of the broken lines form part of the claimed design.

1 Claim, 6 Drawing Sheets
