(57) **CLAIM**

An ornamental design for a display screen or portion thereof with a graphical user interface for an integrated disease management system, as shown and described.

**DESCRIPTION**

(73) Assignee: **Becton, Dickinson and Company**, Franklin Lakes, NJ (US)

FIG. 1 is a first embodiment of the display screen or portion thereof with a graphical user interface for an integrated disease management system implemented on a mobile device in accordance with the present invention.

(\*\*) Term: **15 Years**

FIG. 2 is a second embodiment of the display screen or portion thereof with a graphical user interface for an integrated disease management system implemented on a mobile device in accordance with the present invention.

(21) Appl. No.: **29/678,954**

(22) Filed: **Jan. 31, 2019**

FIG. 3 is a third embodiment of the display screen or portion thereof with a graphical user interface for an integrated disease management system implemented on a mobile device in accordance with the present invention; and,
