(57) **CLAIM**

The ornamental design for a display screen with animated graphical user interface, as shown and described.

DESCRIPTION

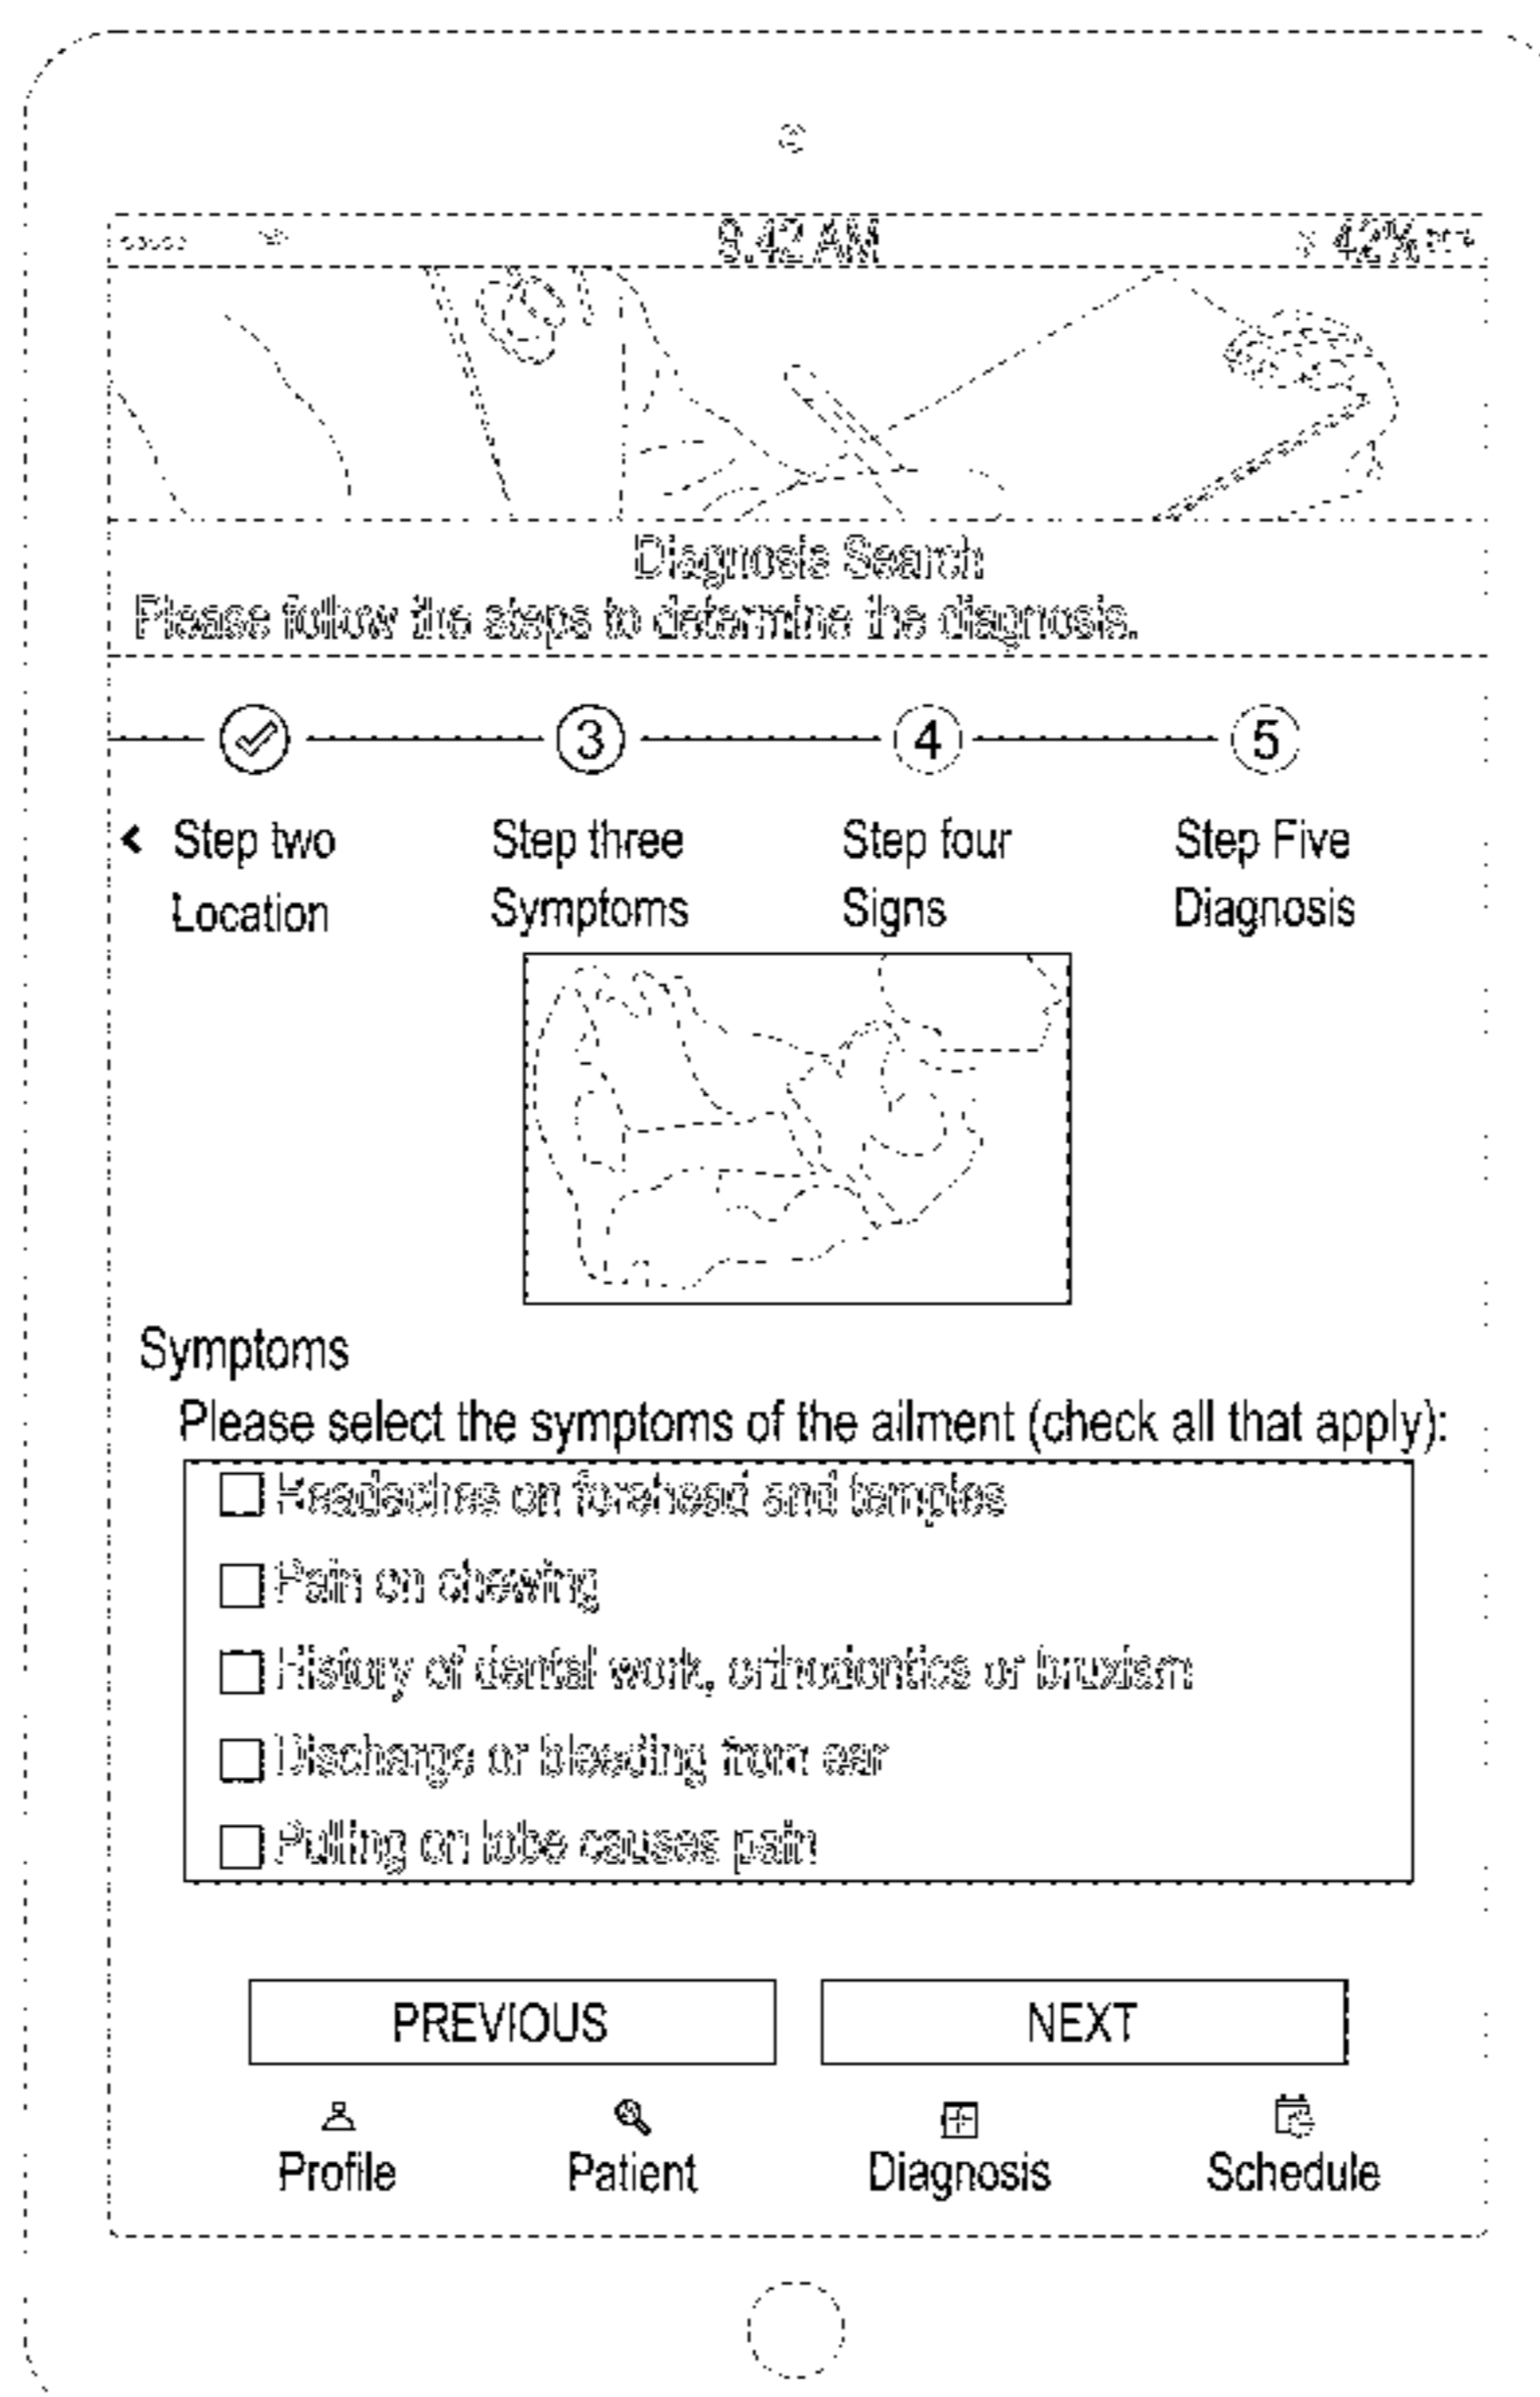

FIG. 1 is a front view showing a first image in a sequence of images of an animated display screen with animated graphical user interface;
FIG. 2 is a front view of a second image thereof;
FIG. 3 is a front view of a third image thereof; and,
FIG. 4 is a front view of a fourth image thereof.
The outermost broken lines and the broken line showing of rounded shapes illustrate an electronic device, the broken line at the periphery of the animated graphical user interface illustrates the display screen, and the remaining broken lines illustrate portions of the animated graphical user interface. None of the broken lines form part of the claimed design.
