(57) **CLAIM**

The ornamental design for a display screen with animated graphical user interface, as shown and described.

**DESCRIPTION**

FIG. 1 is the first image in a sequence for a display screen with animated graphical user interface showing our new design;

FIG. 2 is the second image thereof; and,

FIG. 3 is the third image thereof.

The appearance of the animated graphical user interface sequentially transitions between the images shown in FIGS. 1-3. The process or period in which one image transitions to another forms no part of the claimed design. The difference in shading indicates a contrast of appearance and does not depict any particular color, texture, or material.

The broken line showing of a display screen illustrates the article of manufacture and forms no part of the claimed design.
