(57) **CLAIM**

We claim the ornamental design for a golf club head, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a golf club head, as viewed from the rear, bottom and one side, according to one embodiment.

FIG. 2 is a front elevation view of a golf club head of FIG. 1.

FIG. 3 is a rear elevation view of the golf club head of FIG. 1.

FIG. 4 is a side elevation view of a toe side of the golf club head of FIG. 1.

FIG. 5 is a side elevation view of a heel side of the golf club head of FIG. 1.

FIG. 6 is a top plan view of the golf club head of FIG. 1.

FIG. 7 is a bottom plan view of the golf club head of FIG. 1; and,

FIG. 8 is an enlarged view of a circular face port shown in FIG. 2, with one other face port being identical thereto and other face ports being identical thereto except for being shown entirely in dashed lines (including the outer periphery).

The broken lines in the drawings are for purpose of illustrating environmental structure as well as portions of the design that form no part of the present claimed design. The dash-dot broken lines represent a boundary for claimed matter and form no part of the claimed design.

The drawings are lined or stippled for color to show that at least a portion of the bottom of the club head, at least a lower portion of the front of the club head and at least a portion of a striking face (bounded by dashed lines) have the same color.

1 Claim, 5 Drawing Sheets
