(57) **CLAIM**

The ornamental design for a head light daytime running light arrangement, as shown and described.

DESCRIPTION

FIG. 1 is a front left perspective view of a head light daytime running light arrangement for a vehicle according to the present invention.

FIG. 2 is a front right perspective view of the head light daytime running light arrangement shown in FIG. 1.

FIG. 3 is a front view thereof.

FIG. 4 is a left side view thereof.

FIG. 5 is a top view thereof.

FIG. 6 is a front view of the head light daytime running light arrangement shown in FIGS. 1-5, mounted on a vehicle, with the rest of the vehicle shown in de-emphasized and half-tone portions so as to illustrate environmental structure. These portions form no part of the claimed invention. More particularly, in FIG. 6, the inventive head light daytime running light arrangement is shown within the broken line, and the elements shown outside the broken line form no part of the claimed invention, but are instead included to show environmental aspects thereof; and,

FIG. 7 shows an alternative embodiment of the present invention, similar to FIG. 6, but with a mirror image head light daytime running light arrangement also located on the opposite side of the vehicle.

1 Claim, 7 Drawing Sheets
