(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

The FIGURE is a front view of a display screen with a graphical user interface, showing the new design. The central broken line circle illustrates a display screen and forms no part of the claimed design. The broken lines within the broken line circle, including the text and icons, illustrate portions of the graphical user interface that form no part of the claimed design. The remaining broke lines, illustrating environmental structure, form no part of the claimed design.
