(57) **CLAIM**

The ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen or portion thereof with graphical user interface showing my new design; FIG. 2 is a front view of a display screen or portion thereof with graphical user interface in accordance with a second embodiment thereof; FIG. 3 is a front view of a display screen or portion thereof with graphical user interface in accordance with a third embodiment thereof; and, FIG. 4 is a front view of a display screen or portion thereof with graphical user interface showing the third embodiment in the context of different broken-line subject matter. The outermost broken-line perimeter illustrates a display screen and forms no part of the claimed design. The remaining broken lines illustrate portions of the graphical user interface and form no part of the claimed design.
