(57) **CLAIM**

The ornamental design for a display screen with animated graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a first image of a display screen with animated graphical user interface showing our new design; and,

FIG. 2 is a front view of a second image thereof.

The broken lines shown represent unclaimed subject matter of display screen with animated graphical user interface and form no part of the claimed design.

The appearance of the transitional image sequentially transitions between the images shown in FIGS. 1-2.

The process or period in which an image transitions to another forms no part of the claimed design.
