(57) **CLAIM**

The ornamental design for a portable electronic display with animated GUI, as shown and described.

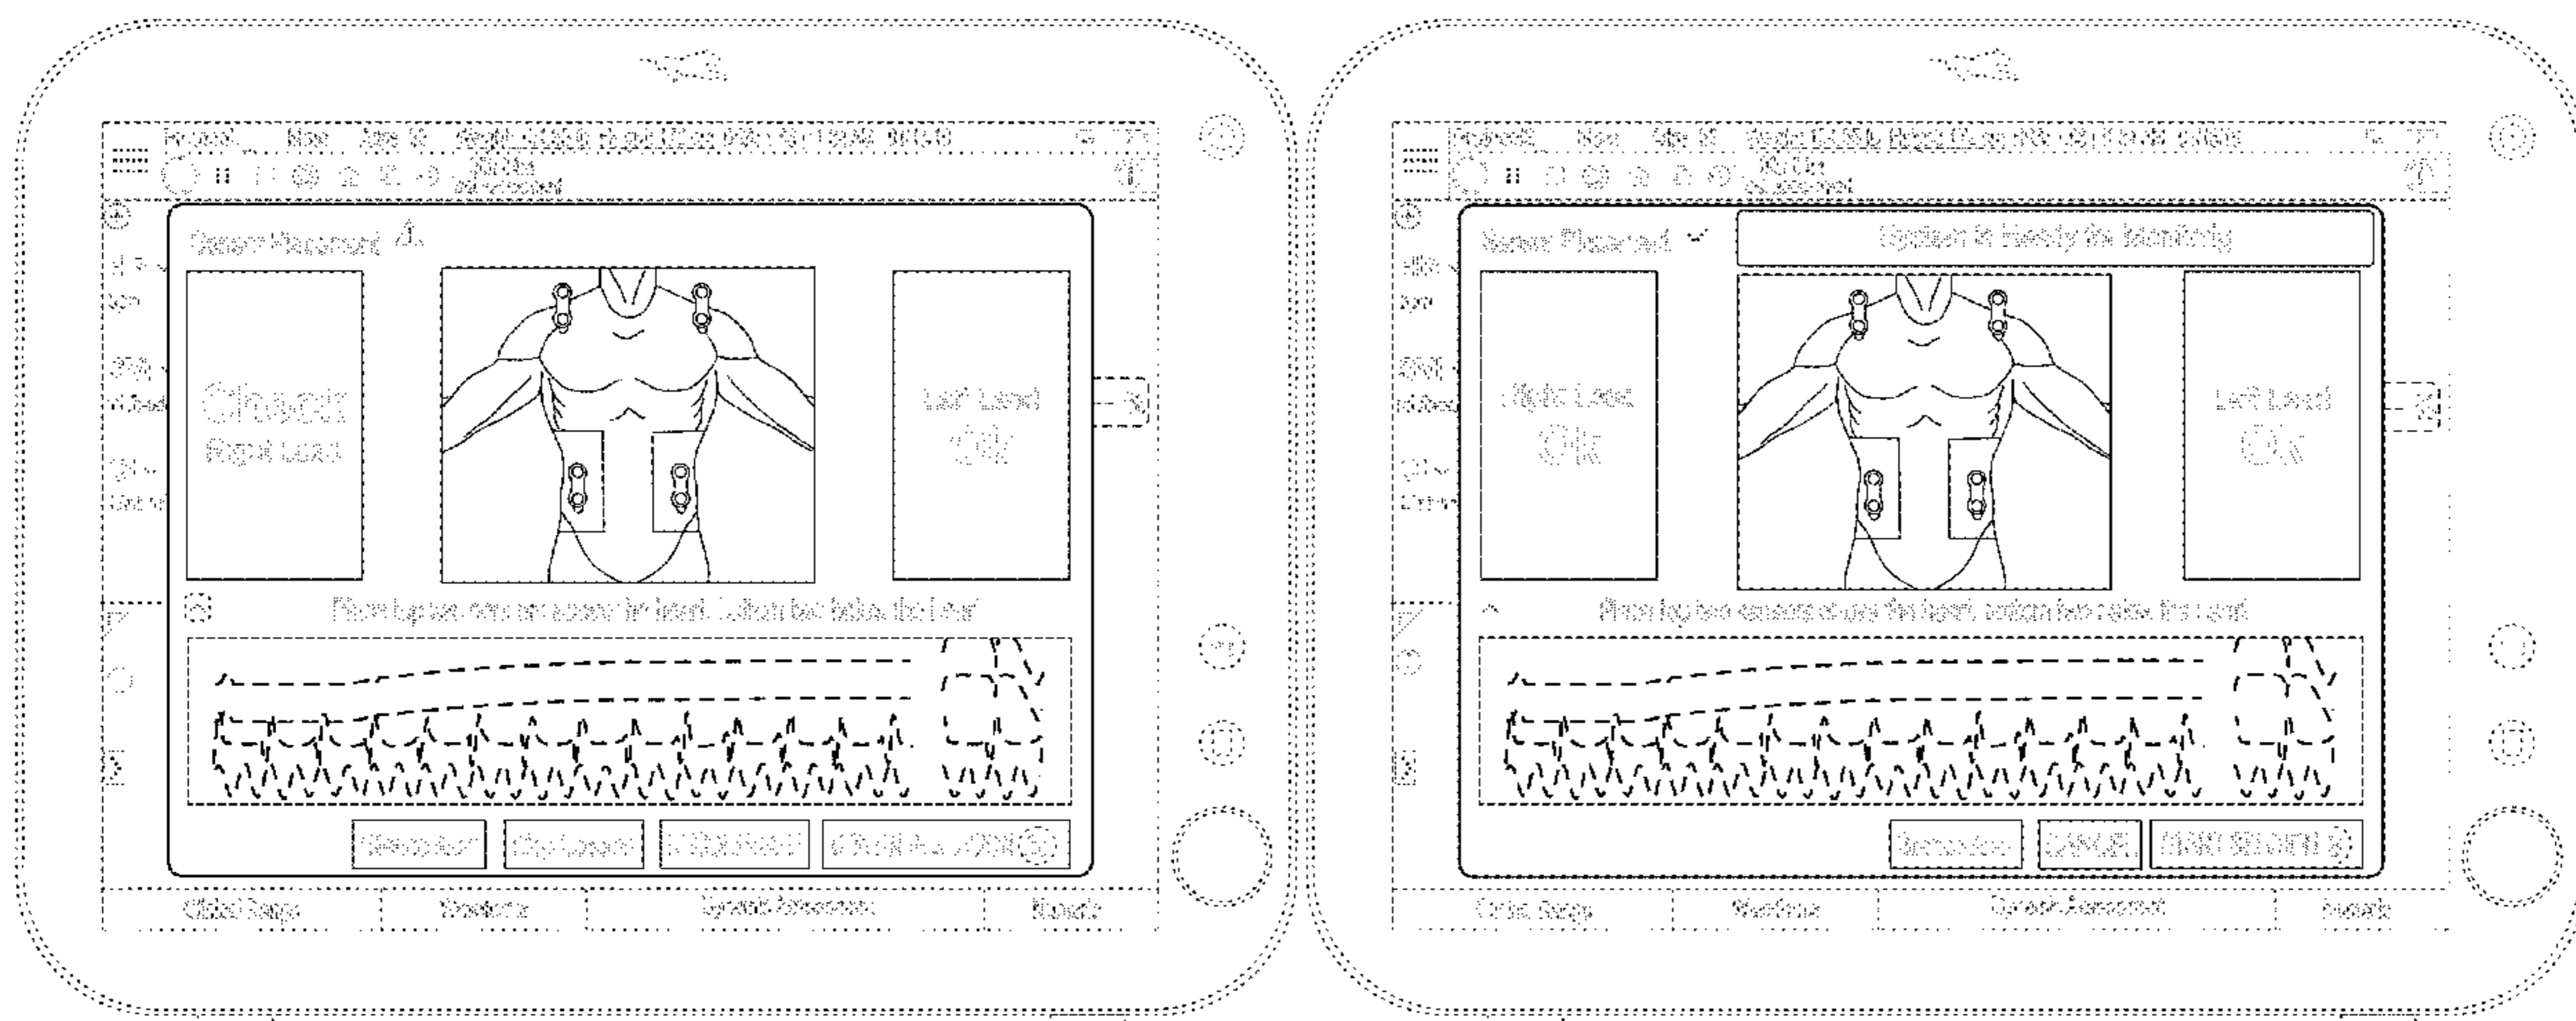

DESCRIPTION

FIG. 1 is the first image in a sequence for a portable electronic display with animated GUI, showing our new design; and, FIG. 2 is the second image thereof.

The appearance of the transitional image sequentially transitions between the images shown in FIGS. 1 and 2. The process or period in which one image transitions to another image forms no part of the claimed design.

The outermost broken lines illustrate a portable electronic device, the broken lines at the periphery of the figures illustrate the display screen and the broken lines showing of text and other elements illustrates portions of the animated computer generated GUI. None of the broken lines form part of the claimed design.
