(57) **CLAIM**

The ornamental design for the low profile staple, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a low profile staple, according to the first embodiment of the present disclosure. FIG. 2 is a front view of a low profile staple, according to the first embodiment of the present disclosure. FIG. 3 is a back view of a low profile staple, according to the first embodiment of the present disclosure. FIG. 4 is a left side view of a low profile staple, according to the first embodiment of the present disclosure. FIG. 5 is a side view of a low profile staple, according to the first embodiment of the present disclosure. FIG. 6 is a top view of a low profile staple, according to the first embodiment of the present disclosure. FIG. 7 is a bottom view of a low profile staple, according to the first embodiment of the present disclosure. FIG. 8 is a perspective view of a low profile staple, according to the second embodiment of the present disclosure. FIG. 9 is a front view of a low profile staple, according to the second embodiment of the present disclosure. FIG. 10 is a back view of a low profile staple, according to the second embodiment of the present disclosure. FIG. 11 is a left side view of a low profile staple, according to the second embodiment of the present disclosure. FIG. 12 is a right side view of a low profile staple, according to the second embodiment of the present disclosure. FIG. 13 is a top view of a low profile staple, according to the second embodiment of the present disclosure; and, FIG. 14 is a bottom view of a low profile staple, according to the second embodiment of the present disclosure.
