(57) **CLAIM**

The ornamental design for an electronic device with graphical user interface, as shown and described.

DESCRIPTION

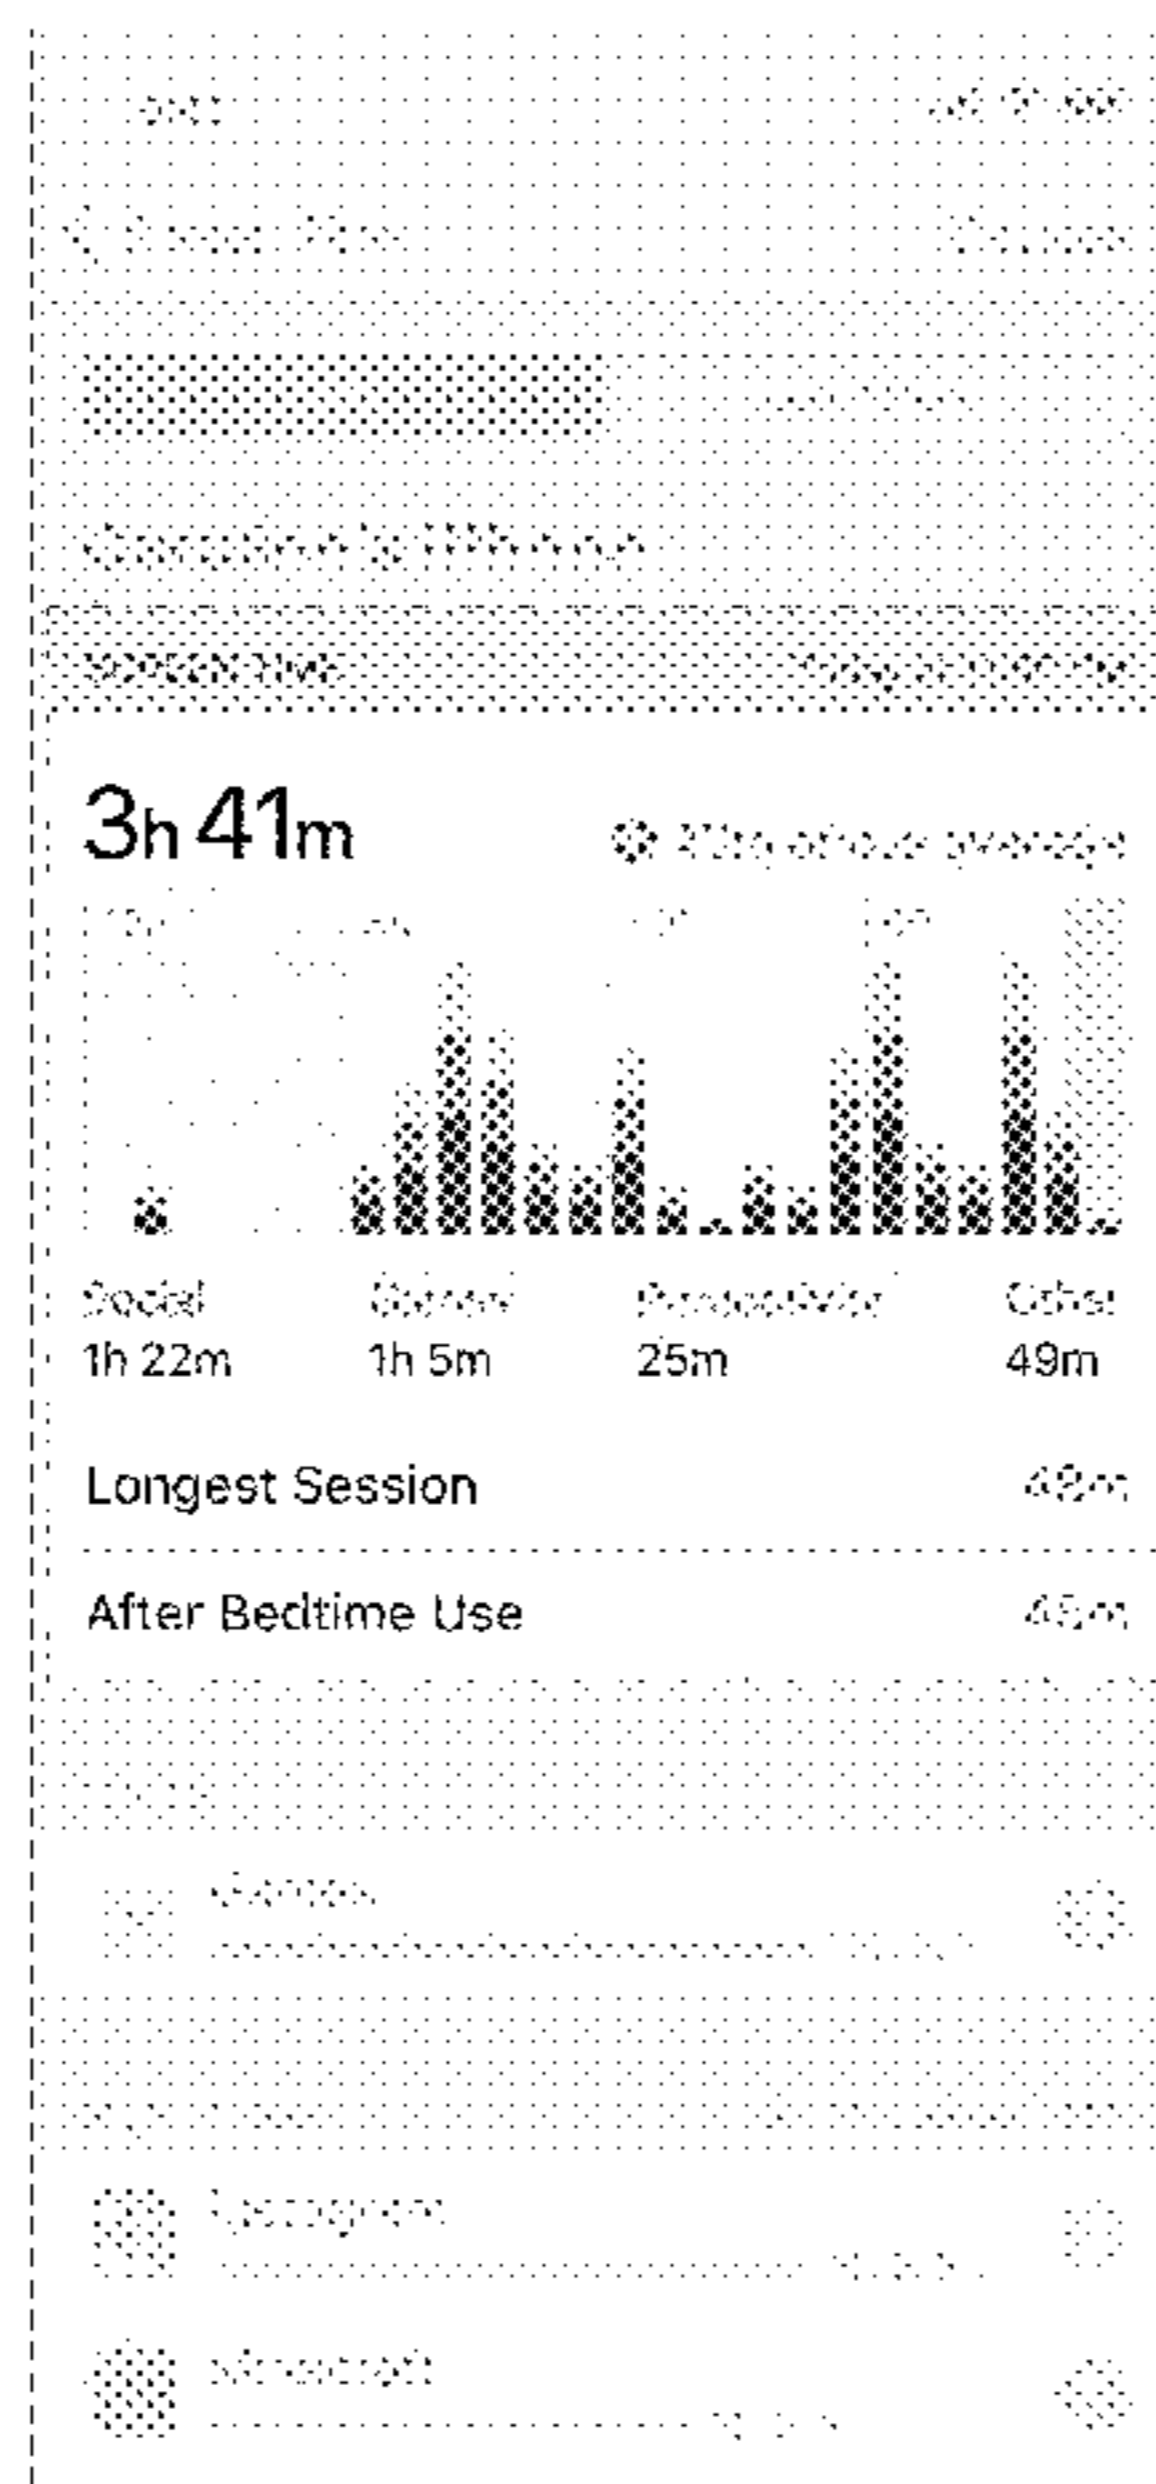

The file of this patent contains at least one drawing/photograph executed in color. Copies of this patent with color drawing(s)/photograph(s) will be provided by the Office upon request and payment of the necessary fee.

FIG. 1 is a front view of a display screen or portion thereof with graphical user interface showing the claimed design; FIG. 2 is a front view of a second embodiment thereof; and, FIG. 3 is a front view of an electronic device having a display screen with the graphical user interface of FIG. 1 applied to the display screen. The graphical user interface design of FIG. 2 may be similarly applied thereto.

The dashed broken lines in the figures show a display screen or portion thereof, or an electronic device having a display screen, and form no part of the claimed design.

The dot-dash broken lines in the figures and the faded subject matter between the dot-dash broken lines and the dashed broken lines show portions of the graphical user interface that form no part of the claimed design.

1 Claim, 3 Drawing Sheets
