(57) **CLAIM**

The ornamental design for a display screen or portion thereof with an animated graphical user interface, as shown and described.

**DESCRIPTION**

The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee.

FIG. 1 is a front view of a display screen or portion thereof with an animated graphical user interface showing the first image in a sequence thereof; and,

FIG. 2 is a front view of the second image thereof.

The outermost broken lines illustrate a display screen or portion thereof and form no part of the claimed design. The appearance of the animated graphical user interface transitions sequentially between the images shown in FIGS. 1 and 2. The process or period in which one image of the animated graphical user interface transitions to another image of the animated graphical user interface forms no part of the claimed design.
