(57) **CLAIM**

We claim the ornamental design for a blade for a re-grooving tool, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of a blade for a re-grooving tool showing our new design installed in a re-grooving tool (disclaimed);  
 FIG. 2 is a front elevation view of a blade for a re-grooving tool showing our new design installed in a re-grooving tool (disclaimed);  
 FIG. 3 is a front left perspective view of the blade for a re-grooving tool;  
 FIG. 4 is a bottom left perspective view of the blade for a re-grooving tool;  
 FIG. 5 is a right backside perspective view of the blade for a re-grooving tool;  
 FIG. 6 is a bottom left backside perspective view of the blade for a re-grooving tool;  
 FIG. 7 is a front elevation view of the blade for a re-grooving tool;  
 FIG. 8 is a back elevation view of the blade for a re-grooving tool;  
 FIG. 9 is a top perspective view of the blade for a re-grooving tool;  
 FIG. 10 is a bottom perspective view of the blade for a re-grooving tool;  
 FIG. 11 is a right side elevation view of the blade for a re-grooving tool; and,  
 FIG. 12 is a left side elevation view of the blade for a re-grooving tool.

The broken line showing of a re-grooving tool in FIGS. 1-2 is provided for purposes of environment and forms no part of the claimed design.
