(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a first embodiment of a display screen with graphical user interface showing the new design. FIG. 2 is a front view of a second embodiment of the display screen with graphical user interface showing the new design. FIG. 3 is a front view of a third embodiment of the display screen with graphical user interface showing the new design; and, FIG. 4 is a front view of a fourth embodiment of the display screen with graphical user interface showing the new design. The broken lines in the drawings depict portions of the display screen with graphical user interface that form no part of the claimed design.

1 Claim, 4 Drawing Sheets
