(57) **CLAIM**

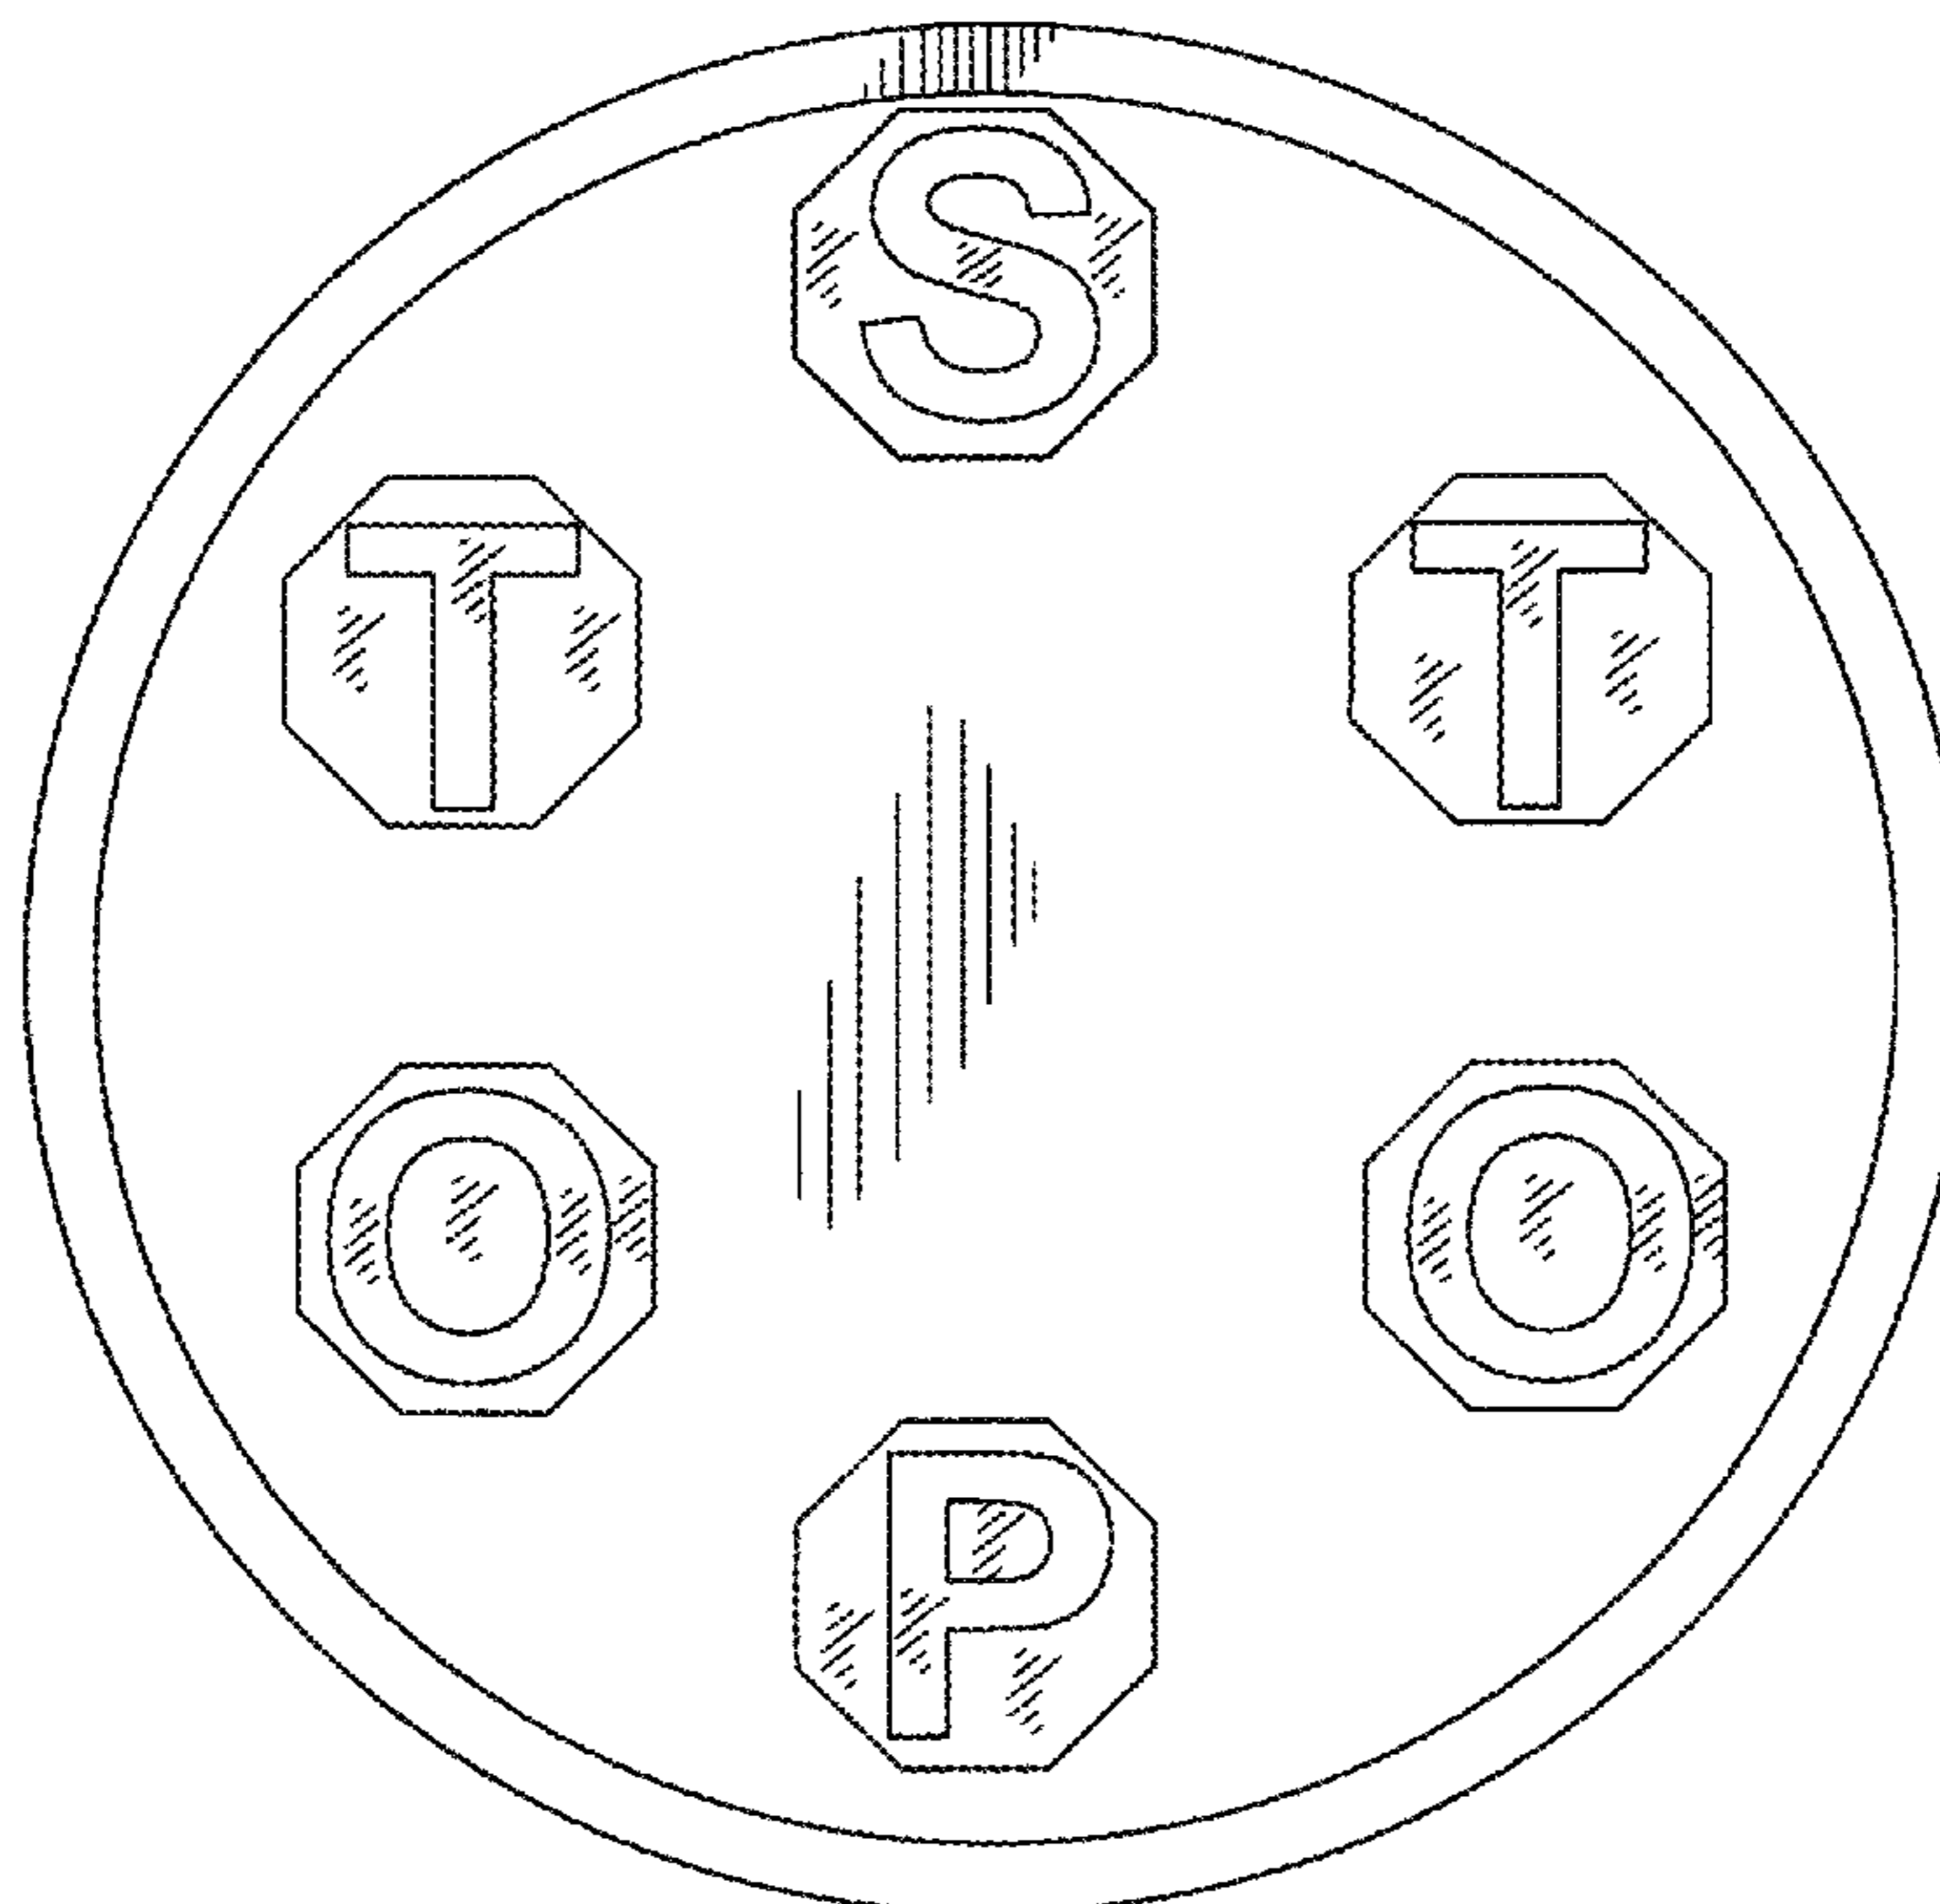

The ornamental design for a brake light, as shown and described.

DESCRIPTION

FIG. 1 is a perspective of the brake light of our new design, showing it mounted on the tail gate of a pick-up truck.
FIG. 2. Is an elevational view of the front thereof.
FIG. 3 is an elevational view of the back thereof; and,
FIG. 4 is an elevational view of the left side thereof. The right side, top and bottom views are identical to the left side view.

The broken line figure in FIG. 1, showing a truck upon which the brake light of our new design is mounted, is an environmental element and forms no part of our new design.
