(57) **CLAIM**

The ornamental design for a cast net with hidden/internal weights for smooth exterior appearance, as shown.

DESCRIPTION

FIG. 1 is a perspective view of a first embodiment of a cast net with hidden/internal weights for smooth exterior appearance with a braided sinker line around its outer circumference. The braided sinker line does not have externally-visible sinker weights; rather, the weights are internal to the braided sinker line which gives a smooth exterior appearance. The cast net is shown partially expanded or “open” configuration.

FIG. 2 is a top plan view thereof;

FIG. 3 is a bottom plan view thereof;

FIG. 4 is a perspective view of the cast net in a collapsed configuration;

FIG. 5 is a top perspective view of the cast net in the collapsed configuration;

FIG. 6 is a top plan view thereof;

FIG. 7 is a bottom plan view thereof;

FIG. 8 is a perspective view of a second embodiment of a cast net with hidden/internal weights for smooth exterior appearance with a braided sinker line around its outer circumference. The braided sinker line includes two separate internally-weighted lines tied together and extending parallel to one another around the outer circumference of the cast net, with neither of the lines having externally-visible sinker weights. Neither of the internally-weighted lines have externally-visible sinker weights.

FIG. 9 is a top plan view thereof;

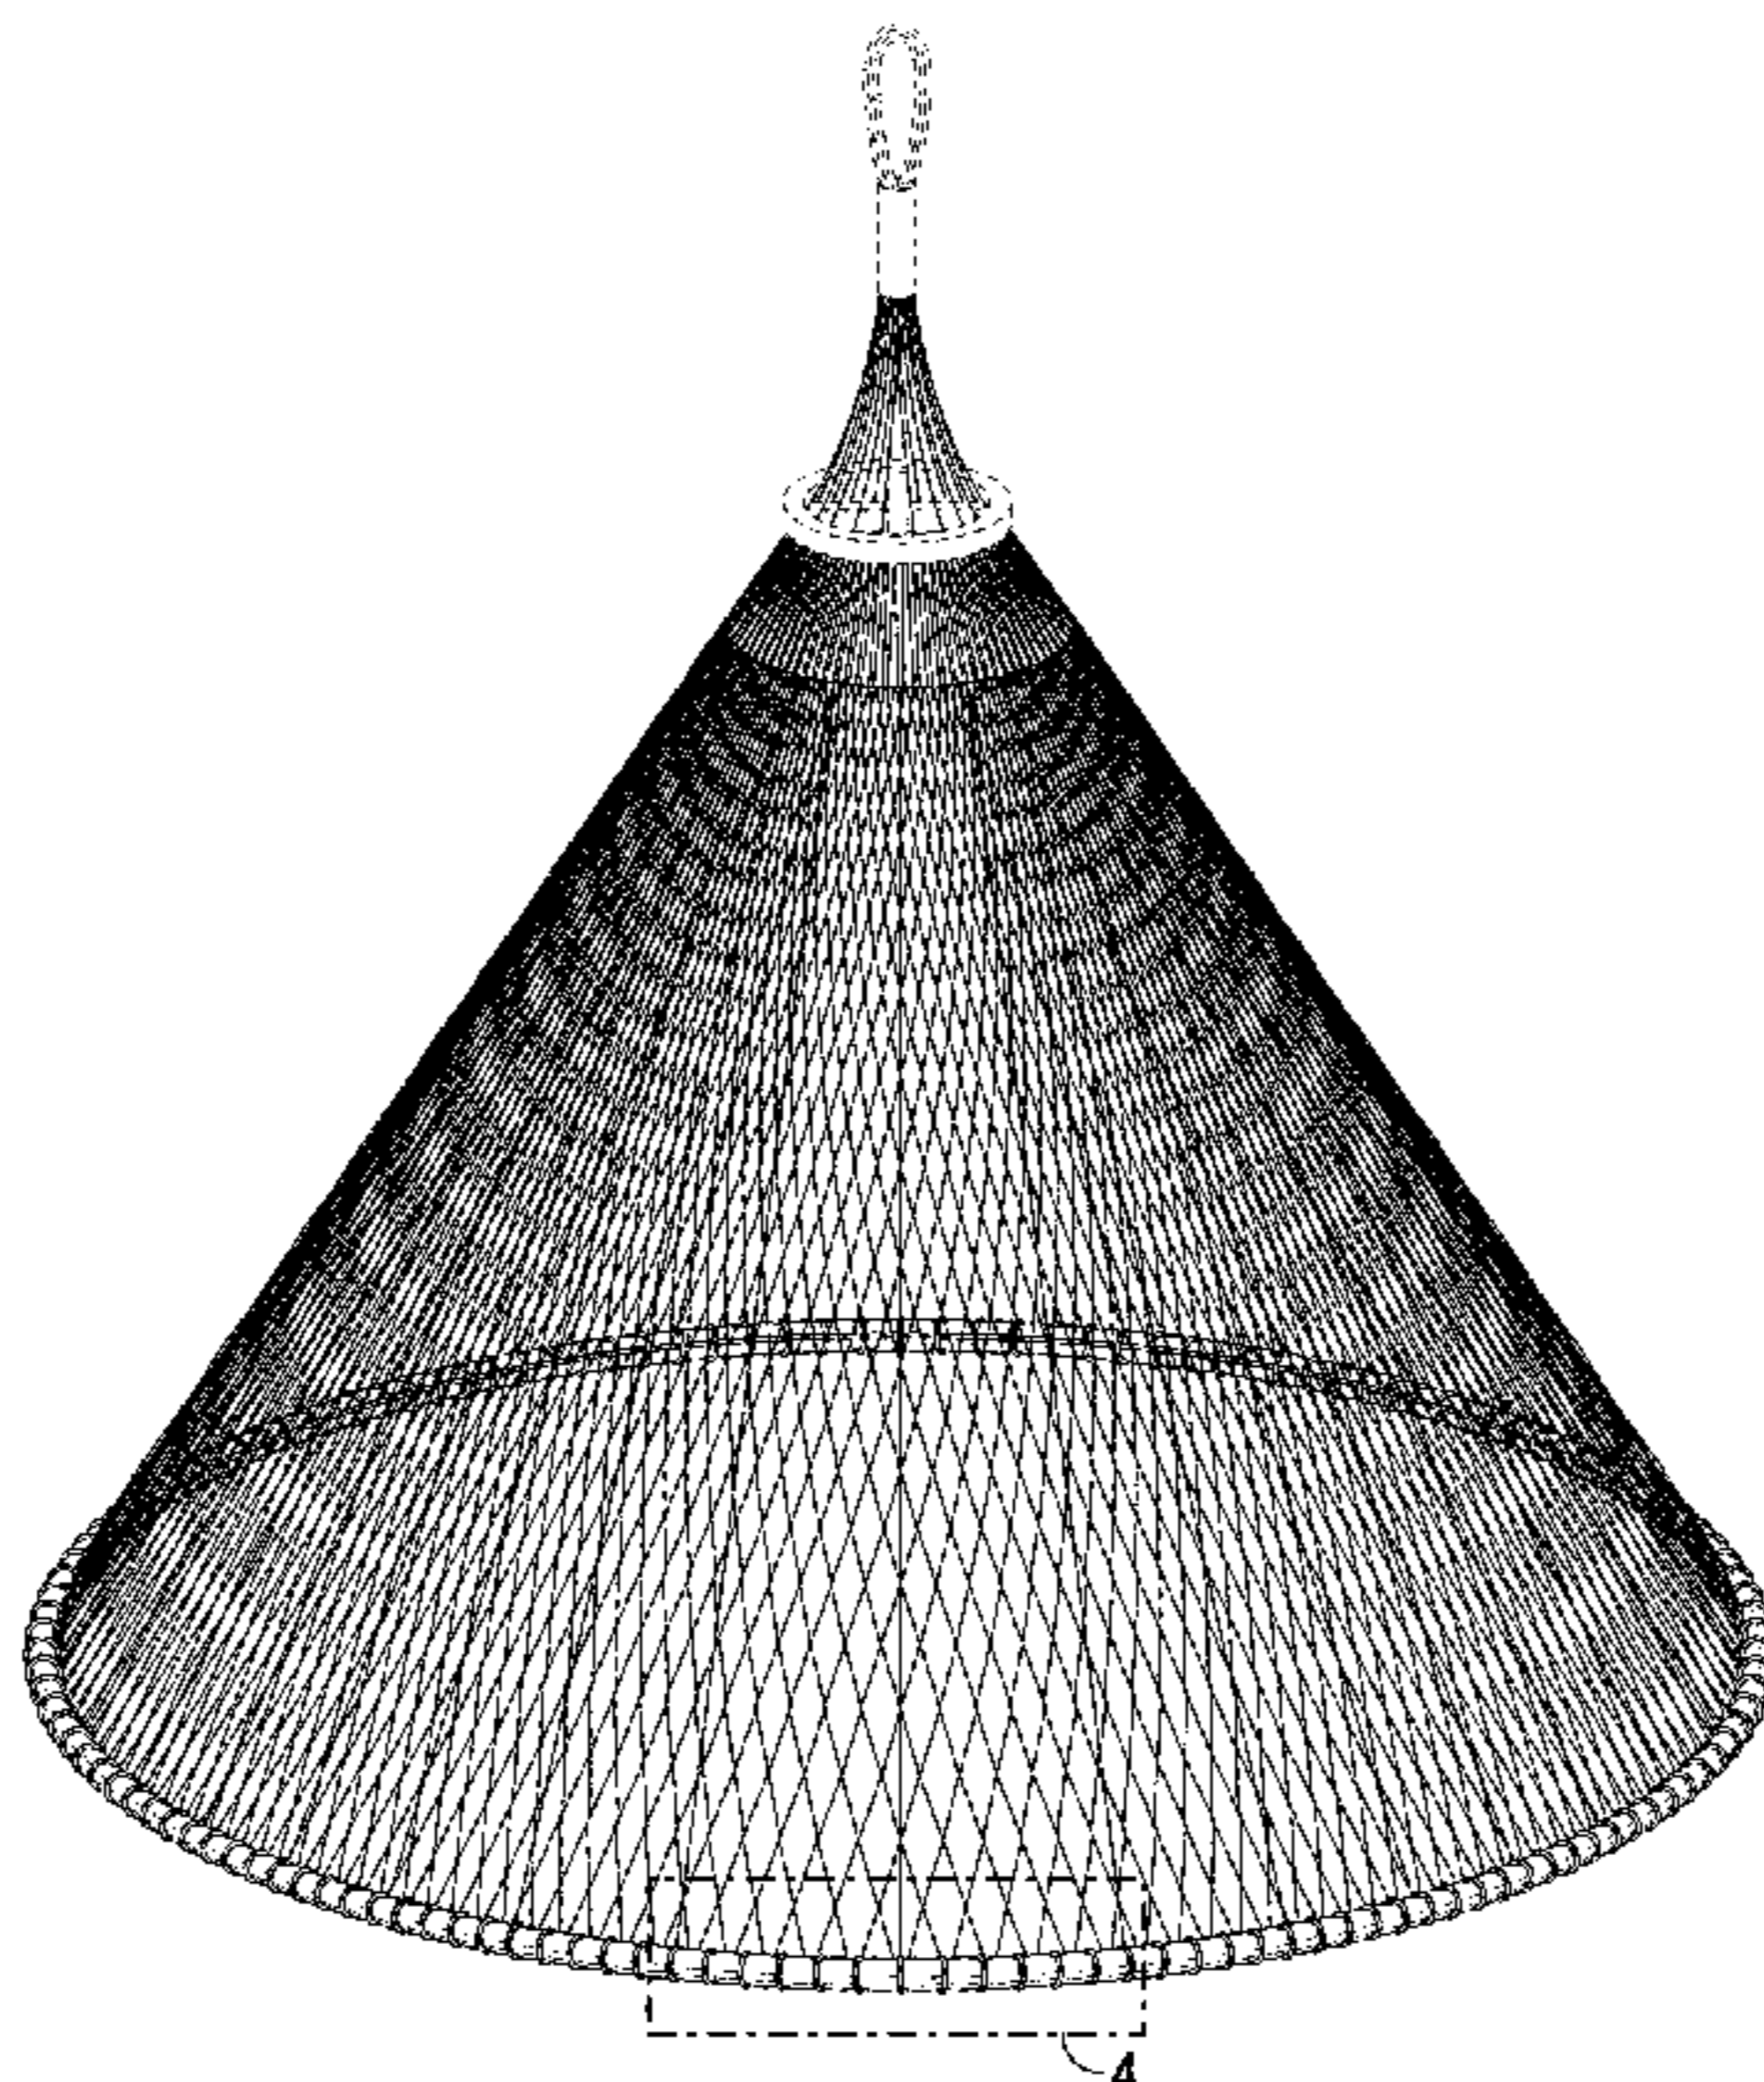

FIG. 10 is a bottom plan view thereof;

FIG. 11 is a perspective view of the cast net in a collapsed configuration; and,

FIG. 12 is a top perspective view of the cast net in the collapsed configuration.

The broken lines in the drawings depict unclaimed environmental subject matter.

1 Claim, 9 Drawing Sheets
