(57) **CLAIM**

The ornamental design for a vacuum shroud attachment, as shown and described.

DESCRIPTION

This patent is related to U.S. nonprovisional utility patent application Ser. No. 15/956,448, filed on Apr. 18, 2018.

FIG. 1 depicts an isometric view of the vacuum shroud attachment from above and to the side whilst it is coupled to a vacuum shroud.

FIG. 2 depicts an isometric view of the vacuum shroud attachment from an above and to the opposite side than FIG. 1 whilst it is coupled to a vacuum shroud.

FIG. 3 depicts a back view of the vacuum shroud attachment coupled to a vacuum shroud.

FIG. 4 depicts a front view of the vacuum shroud attachment coupled to a vacuum shroud.

FIG. 5 depicts a view of the vacuum shroud attachment from above and angled in front on its own.

FIG. 6 depicts a view of the vacuum shroud attachment from above and angled behind on its own.

FIG. 7 depicts a view of the vacuum shroud attachment from below and angled behind on its own.

FIG. 8 depicts a view of the vacuum shroud attachment from below and angled in front on its own.

FIG. 9 depicts an exploded view of the vacuum shroud attachment from above and to the side.

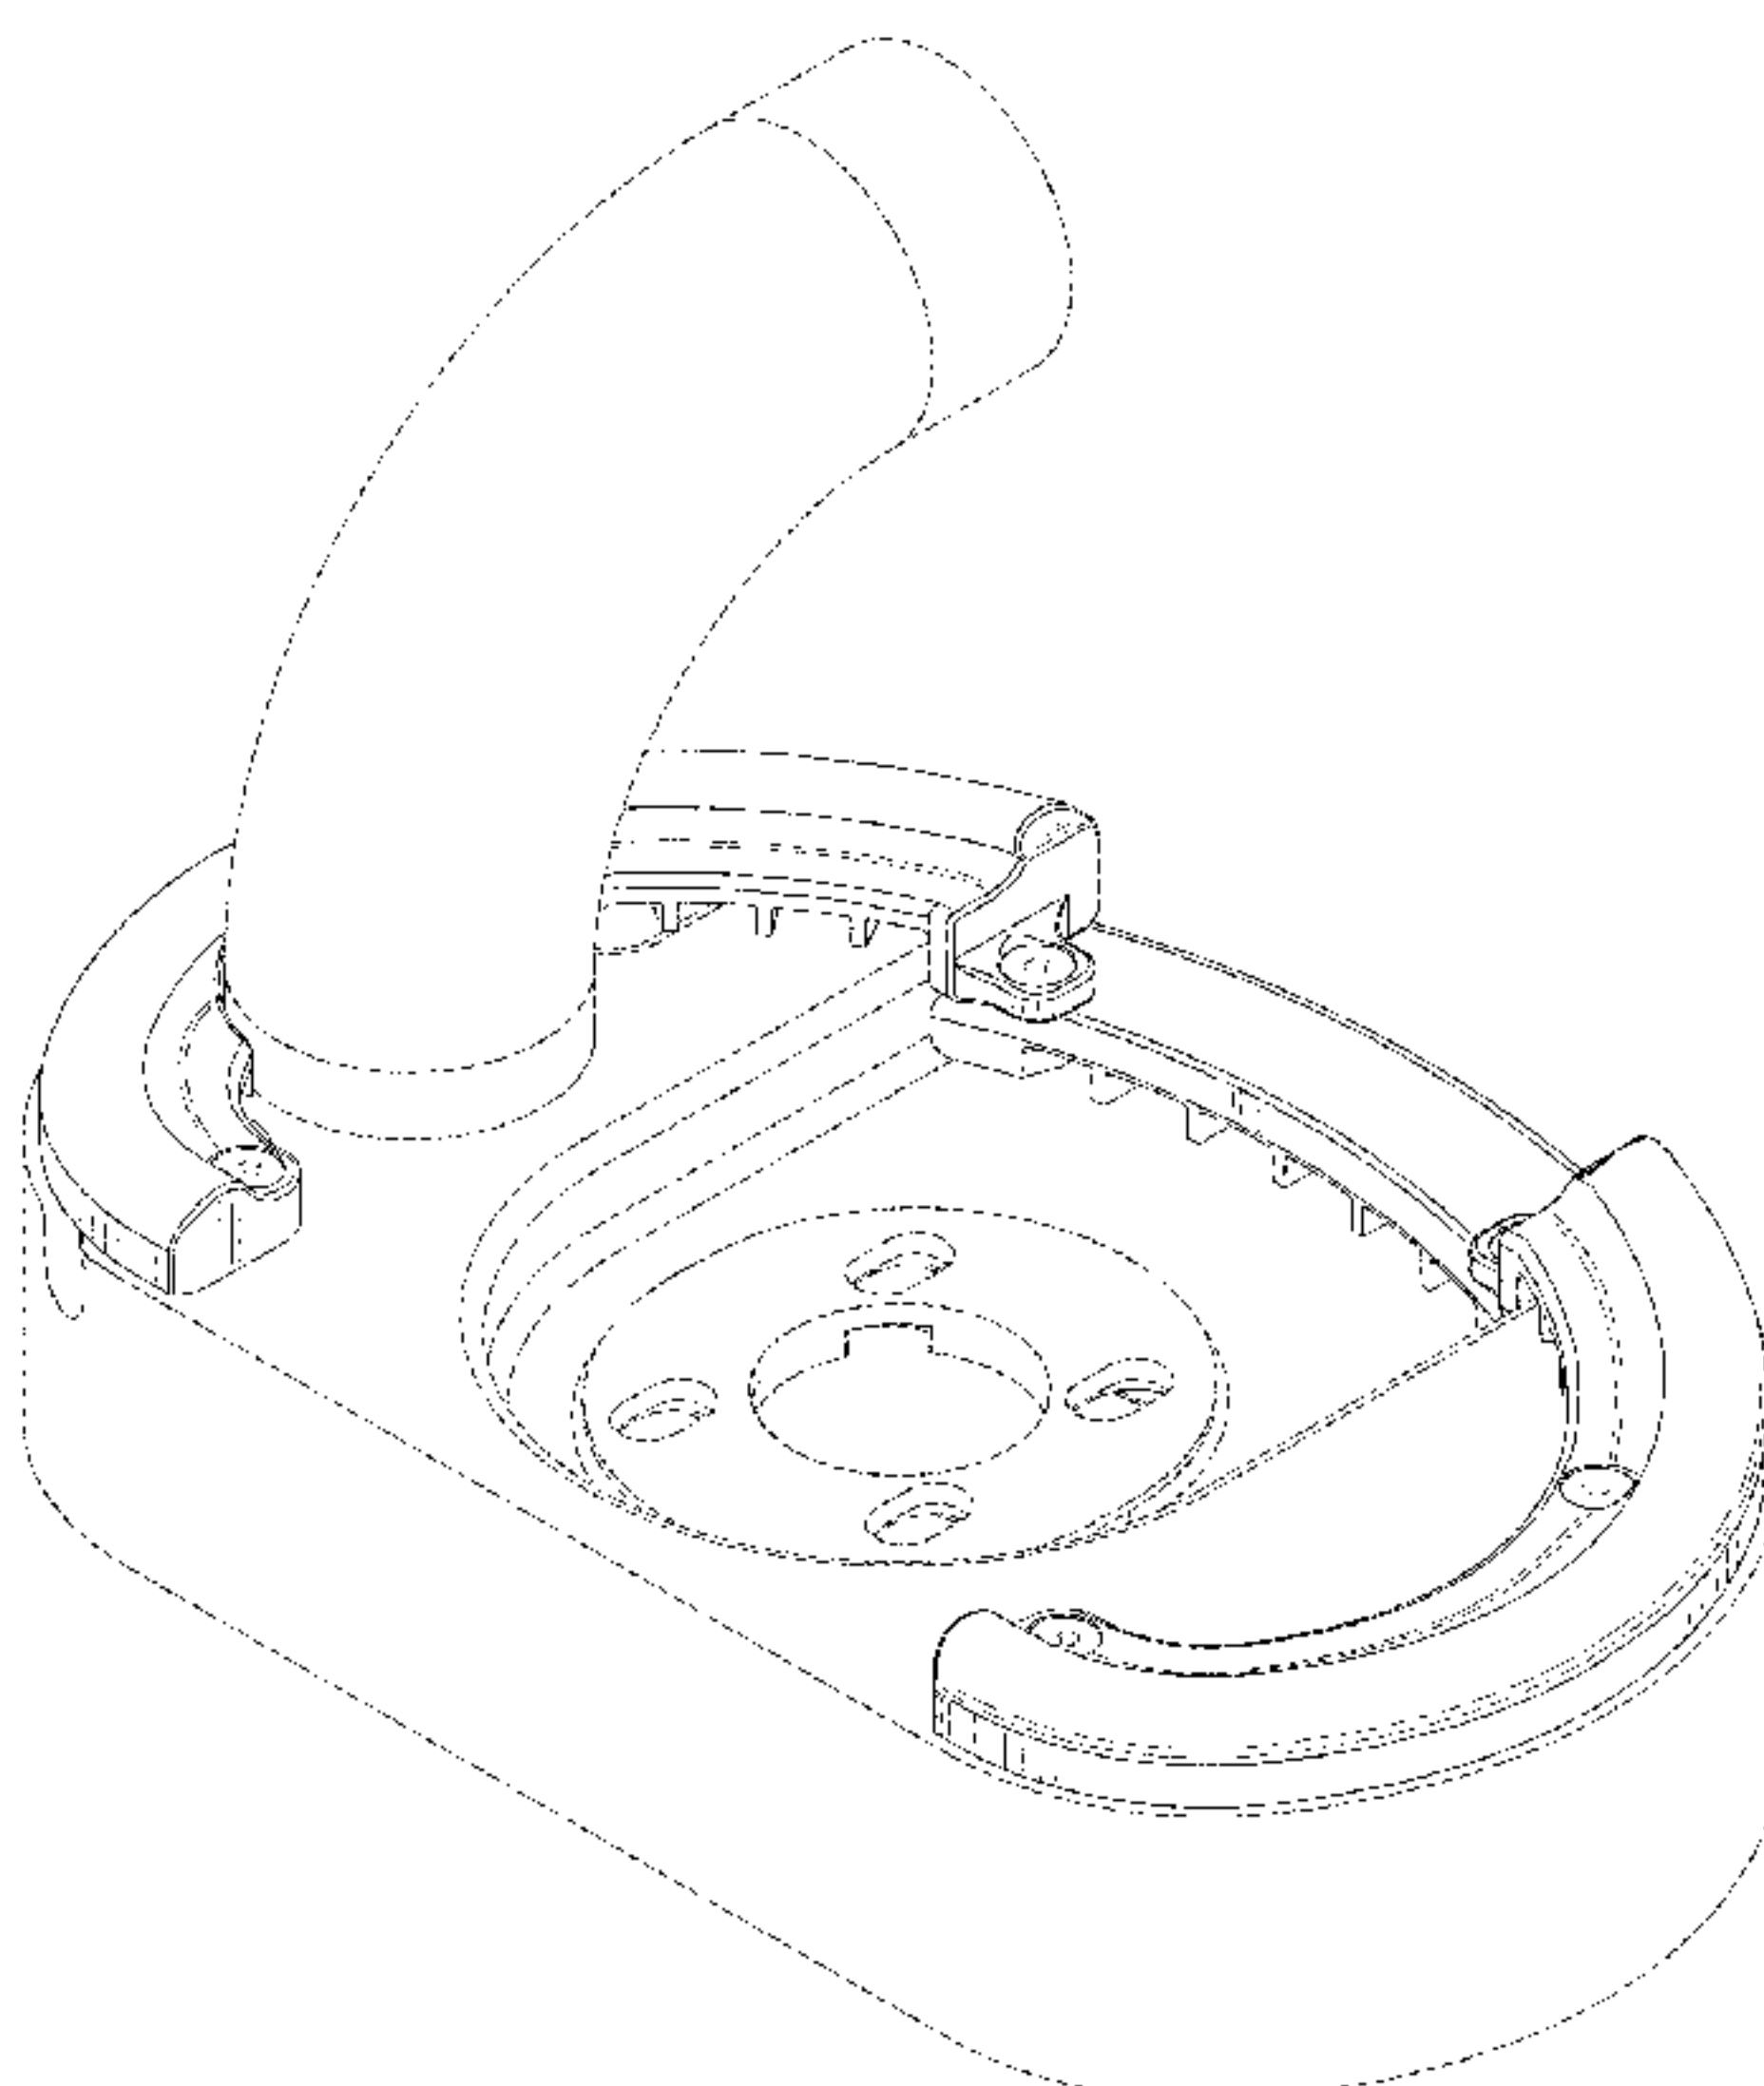

FIG. 10 depicts an exploded view of the vacuum shroud attachment from below and to the side.

FIG. 11 depicts an exploded view of the vacuum shroud attachment from directly above; and,

FIG. 12 depicts an exploded view of the vacuum shroud attachment from directly below.

The broken line showing of a vacuum shroud is included for the purpose of illustrating environmental structure only and forms no part of the claimed design.
