See application file for complete search history.

FIG. 1 is a front view of display screen with animated graphical user interface showing a first image of our new design; and,

FIG. 2 is a second image thereof.

The appearance of the animated graphical user interface transitions between the images shown in FIGS. 1-2. The process or period in which one image transitions to another image forms no part of the claimed design.

The broken lines shown in FIGS. 1 and 2 represent the display screen and form no part of the claimed design. The broken lines represent portions of the graphical user interface and form no part of the claimed design.

The dash-dot lines represent the boundary of the claimed design and form no part of the claimed design.
