(57) **CLAIM**

The ornamental design for a vehicle tire tread, as shown and described.

DESCRIPTION

FIG. **1** is an outside perspective view of a vehicle tire showing my new tread design, it being understood that the depicted tread pattern extends over the entire circumference of the tire;

FIG. **2** is an outside elevational view thereof, the inside elevational view being identical;

FIG. **3** is a front elevational view thereof, the rear elevational view being identical;

FIG. **4** is a top view thereof, the bottom view being identical;

FIG. **5** is an outside perspective view of a variation of the vehicle tire tread design shown in FIGS. **1-4**;

FIG. **6** is an outside elevational view of the tire tread design shown in FIG. **5**, the inside elevational view being identical;

FIG. **7** is a front elevational view of the tire tread design shown in FIG. **5**; and,

FIG. **8** is a top view of the tire tread design shown in FIG. **5**.

In the drawing figures, the tire features shown in broken lines indicate environmental subject matter only, and form no part of the claimed design.

1 Claim, 8 Drawing Sheets
