What is claimed is the ornamental design for a pillow for a person's head, as shown and described.

DESCRIPTION

See application file for complete search history.

FIG. 1 is a top perspective view of a pillow for a person's head showing my new design in a position of use. FIG. 2 is a top view of my new design for a pillow for a person's head according to the invention. FIG. 3 is a front view of my new design for a pillow for a person's head according to the invention. FIG. 4 is a left side view of my new design for a pillow for a person's head according to the invention. FIG. 5 is a rear view of my new design for a pillow for a person's head according to the invention. FIG. 6 is a right side view of my new design for a pillow for a person's head according to the invention; and, FIG. 7 is a bottom view of my new design for a pillow for a person's head according to the invention.

The broken lines in FIG. 1 depict environmental subject matter that forms no part of the claimed design. The broken lines in FIG. 7 depict portions of the pillow for a person's head that form no part of the claimed design.
