(57) **CLAIM**

The ornamental design for a computer display screen or portion thereof with animated graphical user interface, as shown and described.

**DESCRIPTION**

FIG. 1 is a front view of a computer display screen or portion thereof with animated graphical user interface showing the first image of the claimed design;

FIG. 2 is the second image thereof; and,

FIG. 3 is the third image thereof.

The appearance of the transitional image sequentially transitions between the images shown in FIGS. 1-3. The process or period in which one image transitions to another image forms no part of the claimed design.

The longer-incremented broken-line showing of a portion of a computer and the shorter-incremented broken line showing of a display screen of the computer, as well as the features within the interface, are included for the purpose of illustrating environmental structure and form no part of the claimed design.

**1 Claim, 3 Drawing Sheets**
