(57) **CLAIM**

The ornamental design for a compressor housing, as shown
and described.

DESCRIPTION

FIG. 1 is a first top perspective view of a compressor
housing, according to our new design;

FIG. 2 is a second top perspective view of the compressor
housing;

FIG. 3 is a first bottom perspective view of the compressor
housing;

FIG. 4 is a second bottom perspective view of the compres-
sor housing;

FIG. 5 is a front side elevational view of the compressor
housing;

FIG. 6 is a rear side elevational view of the compressor
housing;

FIG. 7 is a top side view of the compressor housing;

FIG. 8 is a bottom side view of the compressor housing;

FIG. 9 is a right side elevational view of the compressor
housing;

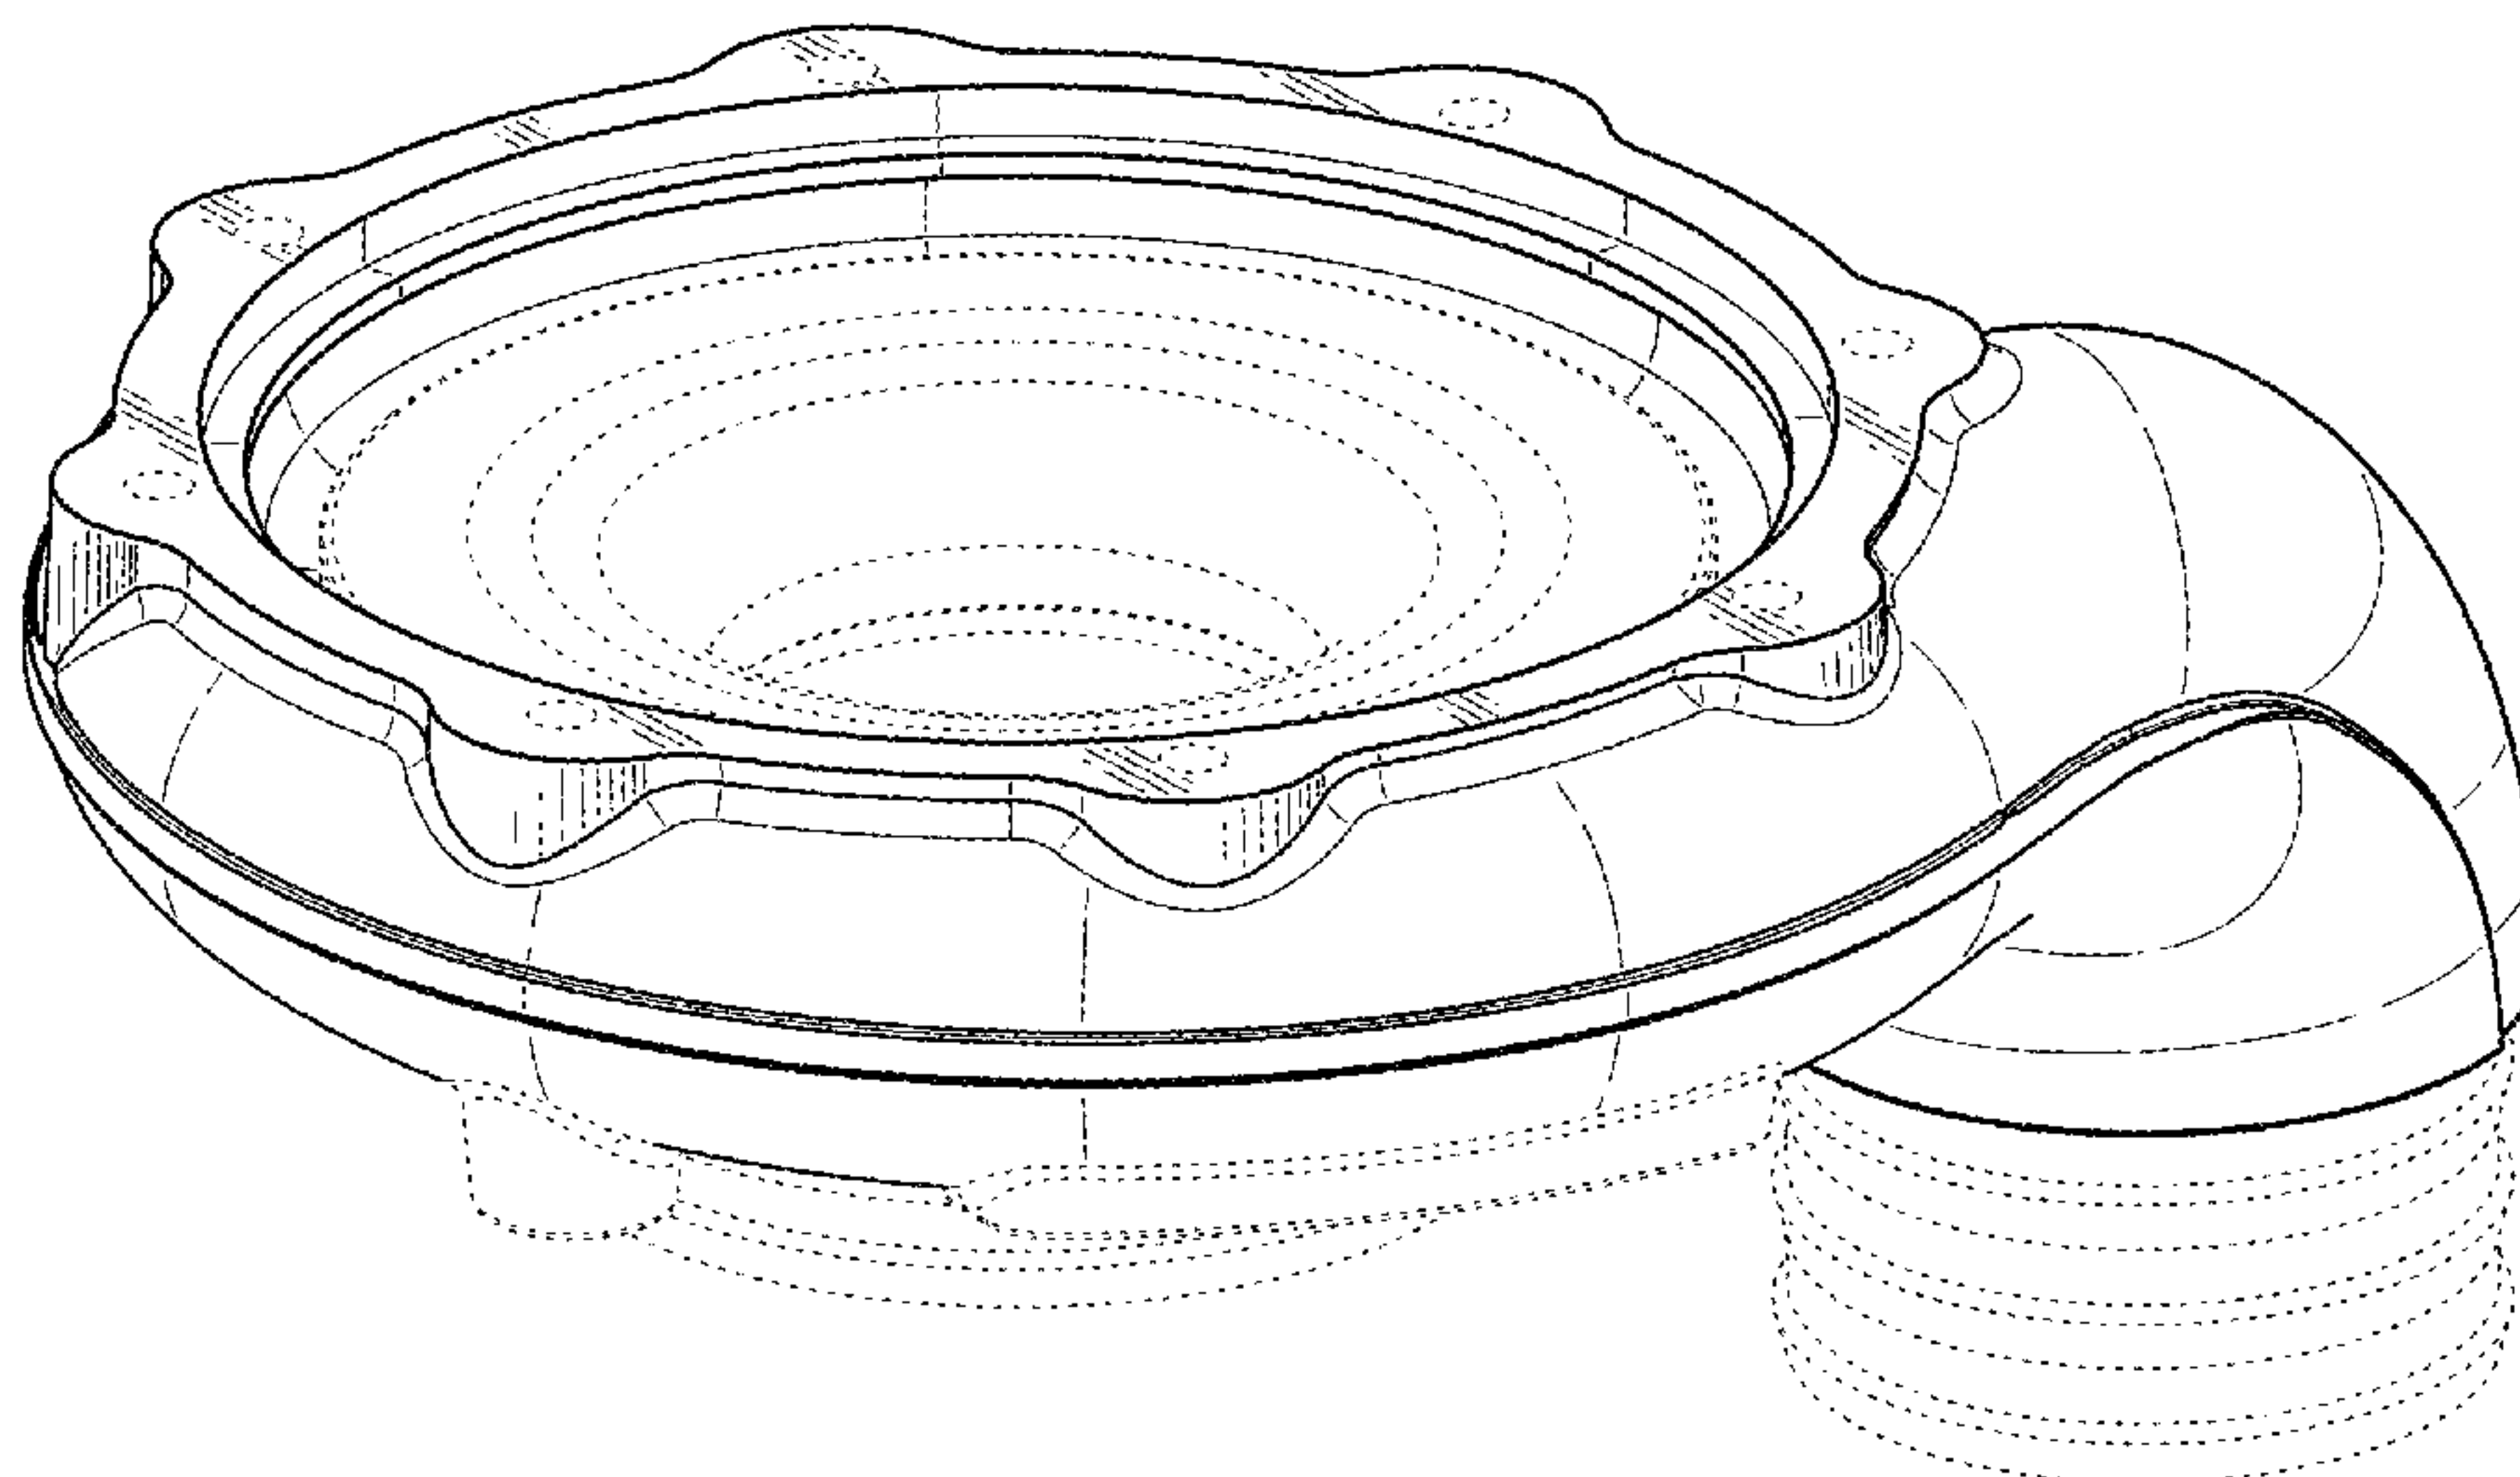

FIG. 10 is a left side elevational view of the compressor
housing;

FIG. 11 is a front elevational view of the compressor
housing shown with unclaimed environmental structure;
and,

FIG. 12 is a bottom perspective view of the compressor
housing shown with the unclaimed environmental structure.

The broken lines in the figures are included for the purpose
of illustrating unclaimed portions of the compressor housing
and form no part of the claimed design. Additionally, FIG.
11 and FIG. 12 show the article with an unclaimed center
housing rotating assembly, an unclaimed actuator (shown
only in FIG. 11), unclaimed linkage, and an unclaimed
turbine housing, each of which form no part of the claimed
design.

1 Claim, 12 Drawing Sheets
