DESCRIPTION

FIG. 1 is an upper, left, front perspective view of a model vehicle axle carrier;
FIG. 2 is a front elevation view thereof;
FIG. 3 is a rear elevation view thereof;
FIG. 4 is a right side elevation view thereof;
FIG. 5 is a left side elevation view thereof;
FIG. 6 is a top plan view thereof;
FIG. 7 is a bottom plan view thereof; and,
FIG. 8 is an upper, left, front perspective environmental use view of the model vehicle axle carrier.

In the drawings, the broken line showing of features of the model vehicle axle carrier illustrate portions of the model vehicle axle carrier that form no part of the claimed design; whereas, the broken line showing of the environmental use view depicts environmental subject matter and is provided for the purposes of illustrating environmental use structure and context and also forms no part of the claimed design. In the drawings, only the left model vehicle axle carrier is shown for the purposes of illustrating the claimed model vehicle axle carrier. The right model vehicle axle carrier is a mirror image of the left model vehicle axle carrier and is included in the scope of the claim for the model vehicle axle carrier.
