(57) **CLAIM**

The ornamental design for a display screen or portion thereof with graphical user interface for configuring one or a plurality of boilers or water heaters, as shown and described.

DESCRIPTION

FIG. 1 is a front view of the first embodiment of a display screen or portion thereof with graphical user interface for configuring one or a plurality of boilers or water heaters showing our new design;

FIG. 2 is another front view of the first embodiment; FIG. 3 is a front view of a second embodiment thereof; and, FIG. 4 is another front view of the second embodiment.

The outer perimeter broken lines in the figures show a display screen or portion thereof and form no part of the claimed design. The broken line showing of text and graphic elements forms no part of the claimed design.

1 Claim, 2 Drawing Sheets
