FIG. 1 is a front, left, top perspective view of a display screen showing our new design, wherein the appearance of any portion of the display screen between the break lines forms no part of the claimed design;
FIG. 2 is a front, right, bottom perspective view thereof;
FIG. 3 is a front elevation view thereof;
FIG. 4 is an enlarged cross-sectional detail view thereof, taken along the cut line 4-4 as indicated in FIG. 3, with some broken line portions of the display screen removed for clarity of disclosure; and,
FIG. 5 is an enlarged perspective view thereof, as indicated by detail 5 in FIG. 1.
The broken lines of uneven length shown in the drawings form a boundary of the claimed design. The broken lines of even length shown in the drawings illustrate portions of the display screen which form no part of the claimed design.
