(57) **CLAIM**

The ornamental design for a computer display screen or portion thereof with graphical user interface, as shown and described.

DESCRIPTION

The FIGURE is a front view of a computer display screen or portion thereof with graphical user interface showing the claimed design.

The shading depicts a contrast in appearance.

The longer-dash broken lines at the periphery of the FIGURE show a portion of a computer, and the intermediate-length broken lines show the display screen of the computer. The remaining broken lines illustrate features within the interface. The broken lines form no part of the claimed design.
