(57) **CLAIM**

The ornamental design for a computer display panel with a transitional graphical user interface, as shown and described.

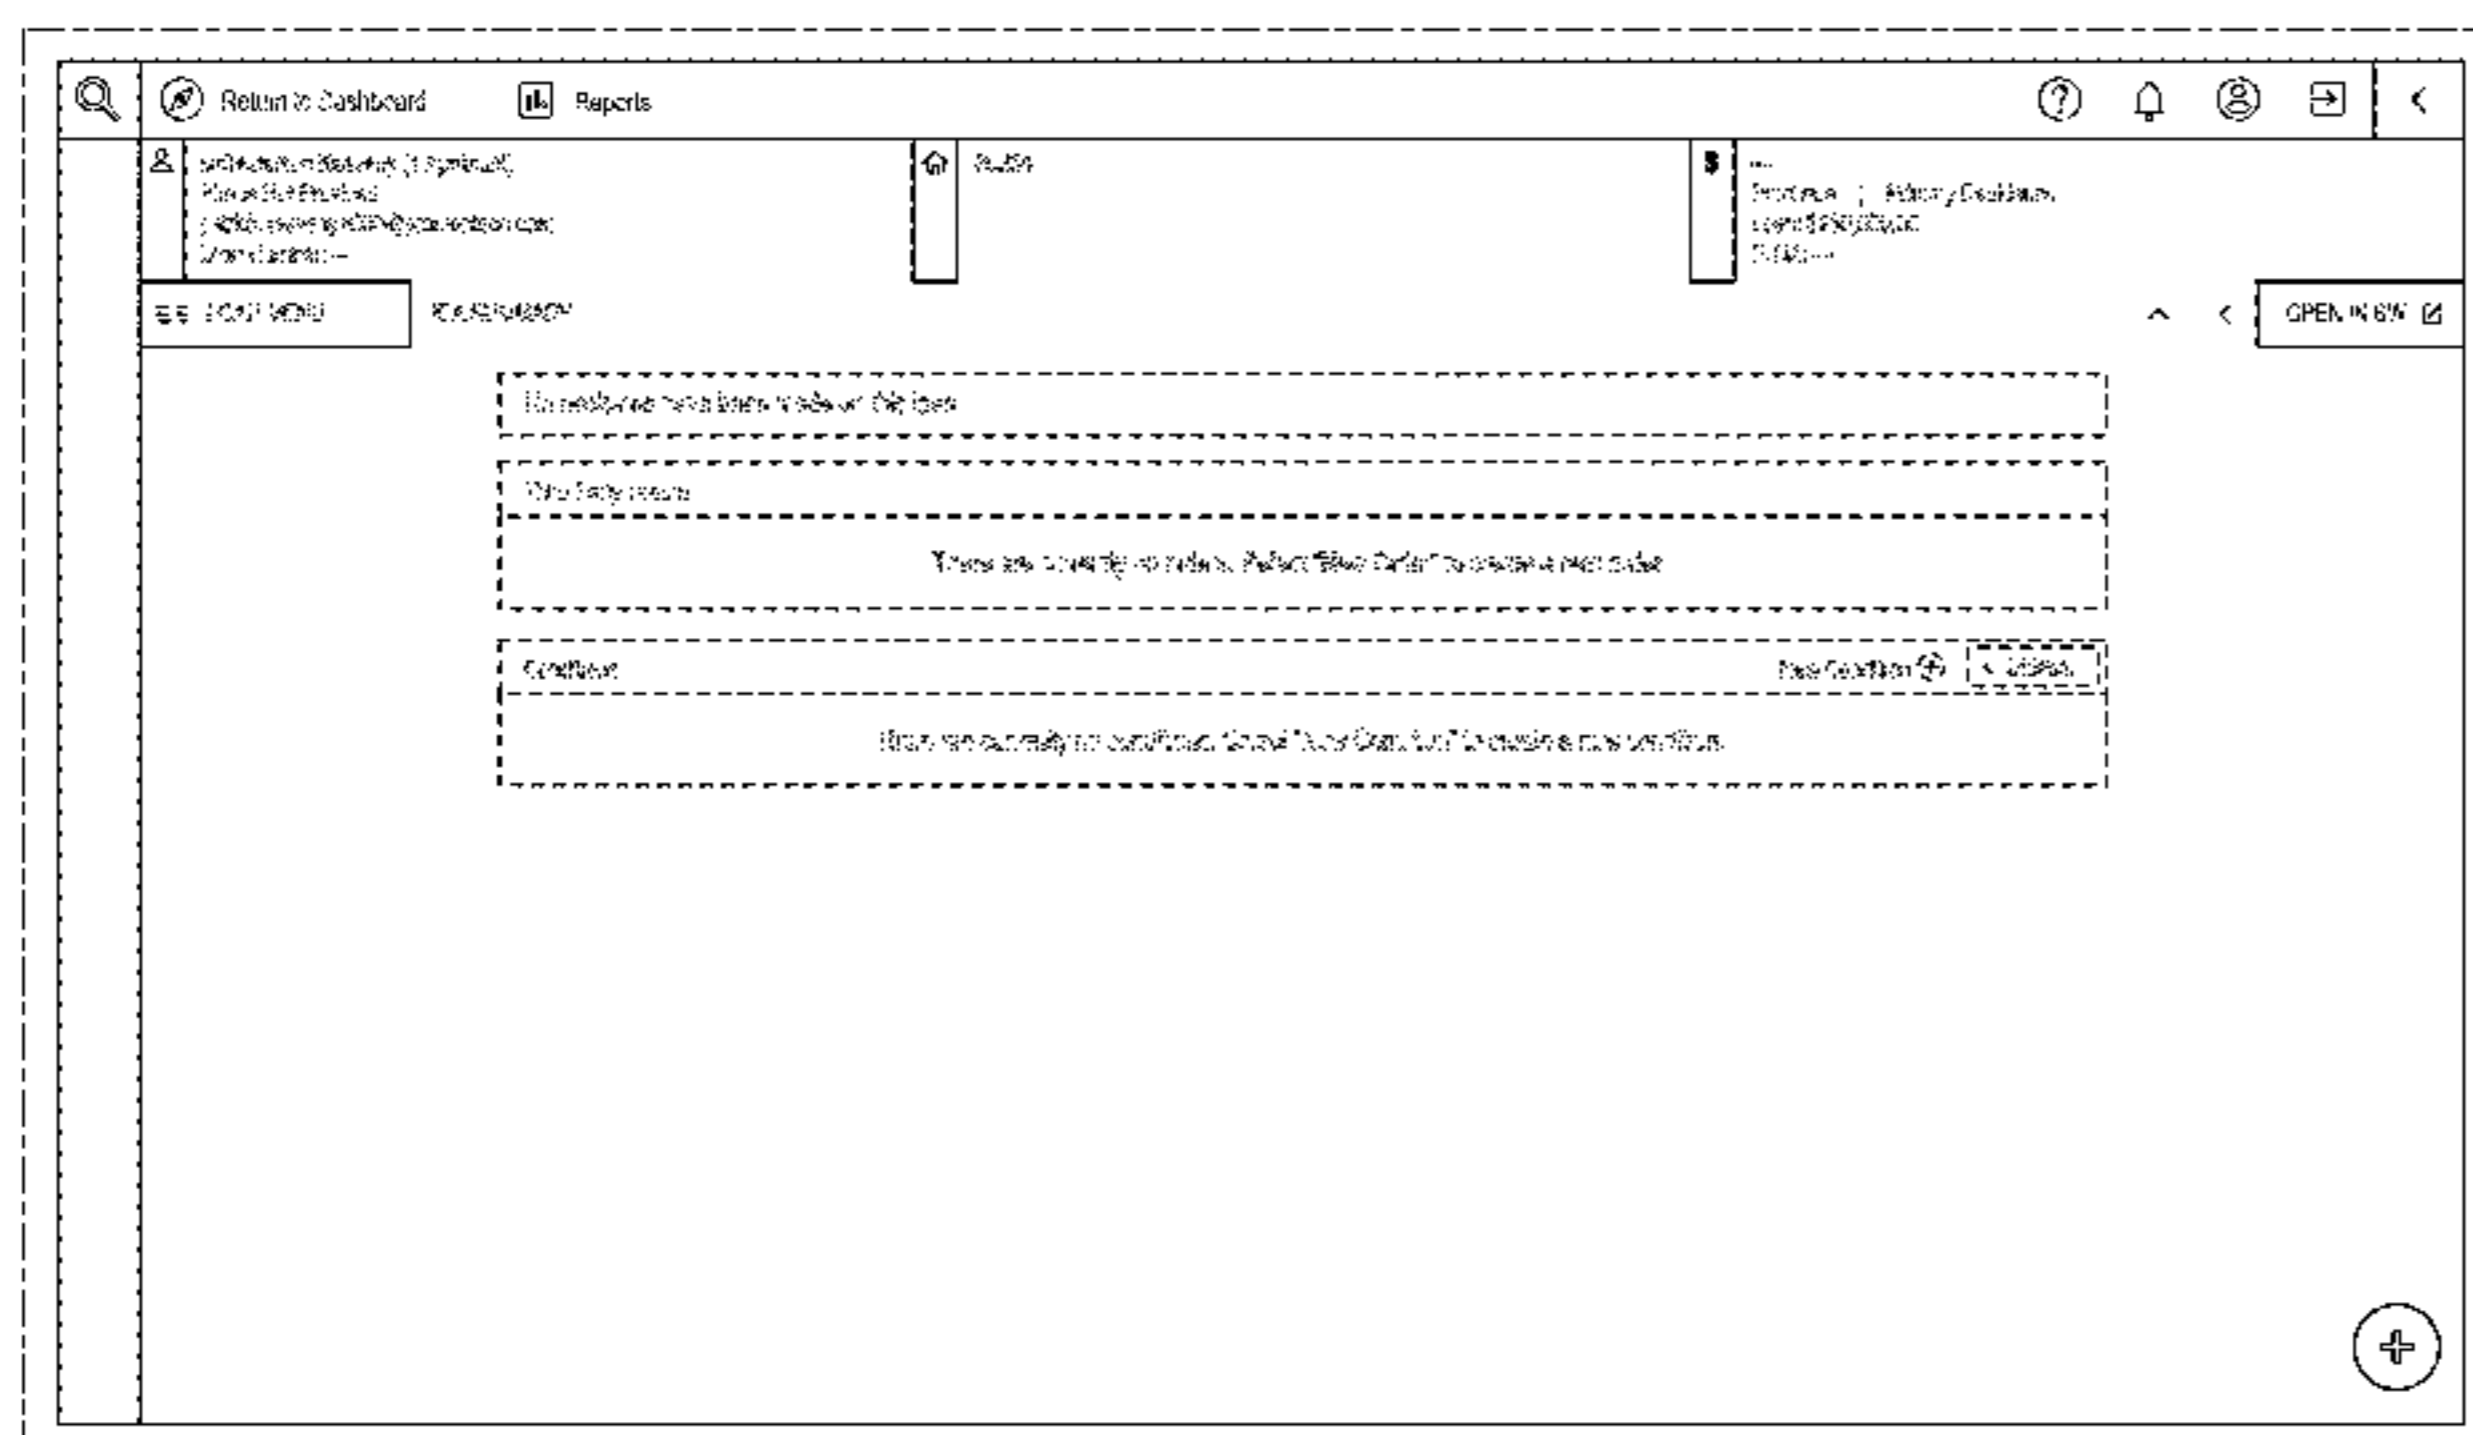

DESCRIPTION

FIG. 1 is a front view of a first image in a sequence of a computer display panel with a transitional graphical user interface, showing our new design; and, FIG. 2 is a front view of a computer display panel with the second image thereof.

The appearance of the transitional image sequentially transitions between the images shown in FIGS. 1-2. The process or period in which one image transitions to another forms no part of the claimed design.

The outermost broken line illustrates the computer display panel and the remaining broken lines illustrate portions of the transitional graphical user interface. None of the broken lines form part of the claimed design.

1 Claim, 2 Drawing Sheets
