(57) **CLAIM**

The ornamental design for a lifted installation system adapter for modular shipping container buildings, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of a lifted installation system adapter for modular shipping container buildings showing my new design;

FIG. 2 is a left side view of the lifted installation system adapter for modular shipping container buildings;

FIG. 3 is a front view of the lifted installation system adapter for modular shipping container buildings;

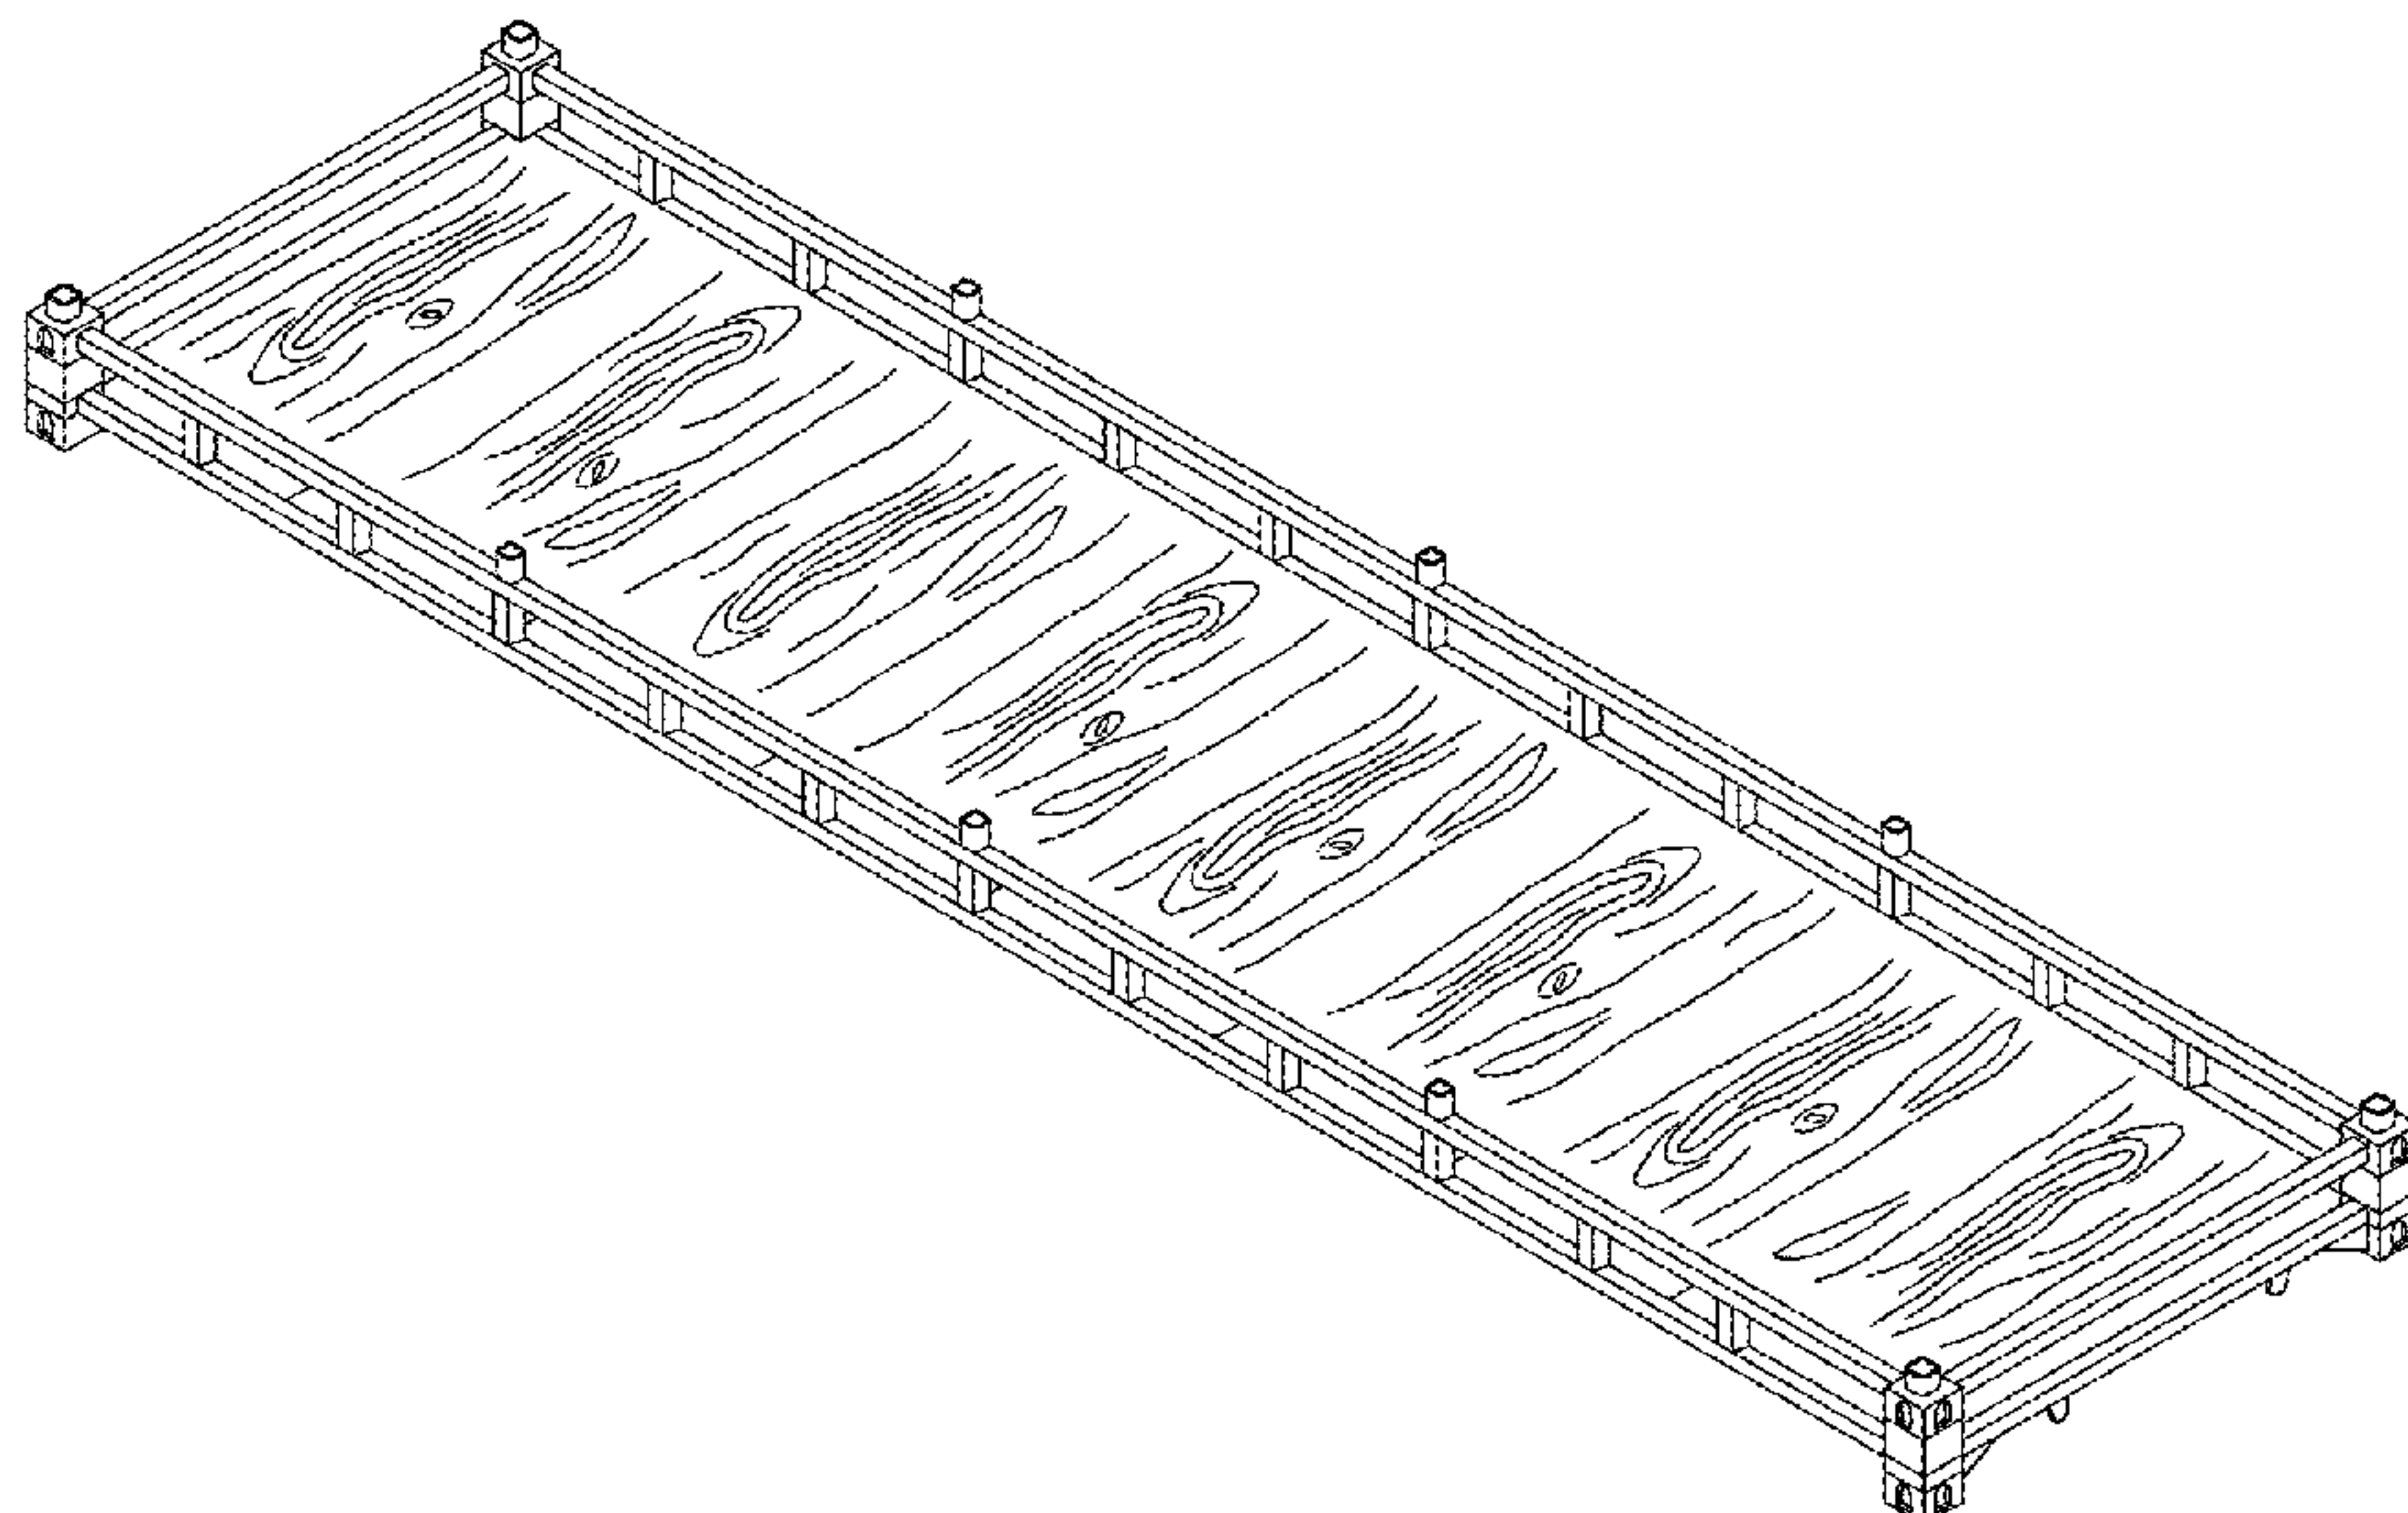

FIG. 4 is a top view of the lifted installation system adapter for modular shipping container buildings;

FIG. 5 is a bottom view of the s lifted installation system adapter for modular shipping container buildings; and,

FIG. 6 is a perspective view of the lifted installation system adapter for modular shipping container buildings as used to support a modular shipping container building.

The right side view not shown is a mirror image of the left side view. The rear view not shown is a mirror image of the front view. Broken lines in FIG. 6 depict environment that is not part of the claimed design.
