(57) **CLAIM**
The ornamental design for a low voltage light, as shown and described.

DESCRIPTION
FIG. 1 shows an isometric view of a low voltage light having the design of the present invention.
FIG. 2 depicts a front view of a low voltage light having the design of the present invention.
FIG. 3 is a rear view of a low voltage light having the design of the present invention.
FIG. 4 presents a right side view of a low voltage light having the design of the present invention.
FIG. 5 shows a left side view of a low voltage light having the design of the present invention.
FIG. 6 depicts a top view of a low voltage light having the design of the present invention; and,
FIG. 7 is a bottom view of a low voltage light having the design of the present invention.
The broken lines shown in the drawing illustrate portions of the low voltage light and form no part of the claimed design.
