DESCRIPTION

FIG. 1 is a front perspective view of a pole-mountable camera support structure, showing our design; FIG. 2 is a front view thereof; FIG. 3 is a rear view thereof; FIG. 4 is a side view thereof; FIG. 5 is an opposing side view thereof; FIG. 6 is a bottom view thereof; FIG. 7 is a top view thereof; and, FIG. 8 is a front perspective environmental view thereof. The broken lines shown herein depict environmental subject matter and form no part of the claimed design. The stippling patterns shown in FIGS. 1-8 indicate components that are the same color. The color indicated by the stippling patterns may be any color that is the same for each component including the stippling patterns.
