(57) **CLAIM**

The ornamental design for an electronic device with graphical user interface, as shown and described.

**DESCRIPTION**

FIG. 1 is a front view of an electronic device with graphical user interface showing my new design; FIG. 2 is a rear view of an electronic device with graphical user interface showing my new design; FIG. 3 is a right side view of an electronic device with graphical user interface showing my new design; FIG. 4 is a left side view of an electronic device with graphical user interface showing my new design; FIG. 5 is a top view of an electronic device with graphical user interface showing my new design; and, FIG. 6 is a bottom view of an electronic device with graphical user interface showing my new design.

The broken lines illustrate portions of an electronic device with graphical user interface which form no part of the claimed design.

The outermost sharp-cornered rectangle in FIG. 1 illustrates the perimeter of the display screen of the electronic device.
