(57) **CLAIM**

The ornamental design for a display panel or portion thereof with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display panel or portion thereof with graphical user interface showing our new design; and, FIG. 2 is a front view thereof, shown with environmental matter.

The dot-dash broken lines illustrate a display panel or portion thereof and form no part of the claimed design. The broken lines in FIG. 2 showing a display device illustrate environmental matter that forms no part of the claimed design.

The display panel may be a display screen or any other suitable display panel. The display panel may be used with an ultrasound probe.

1 Claim, 2 Drawing Sheets
