(57) **CLAIM**

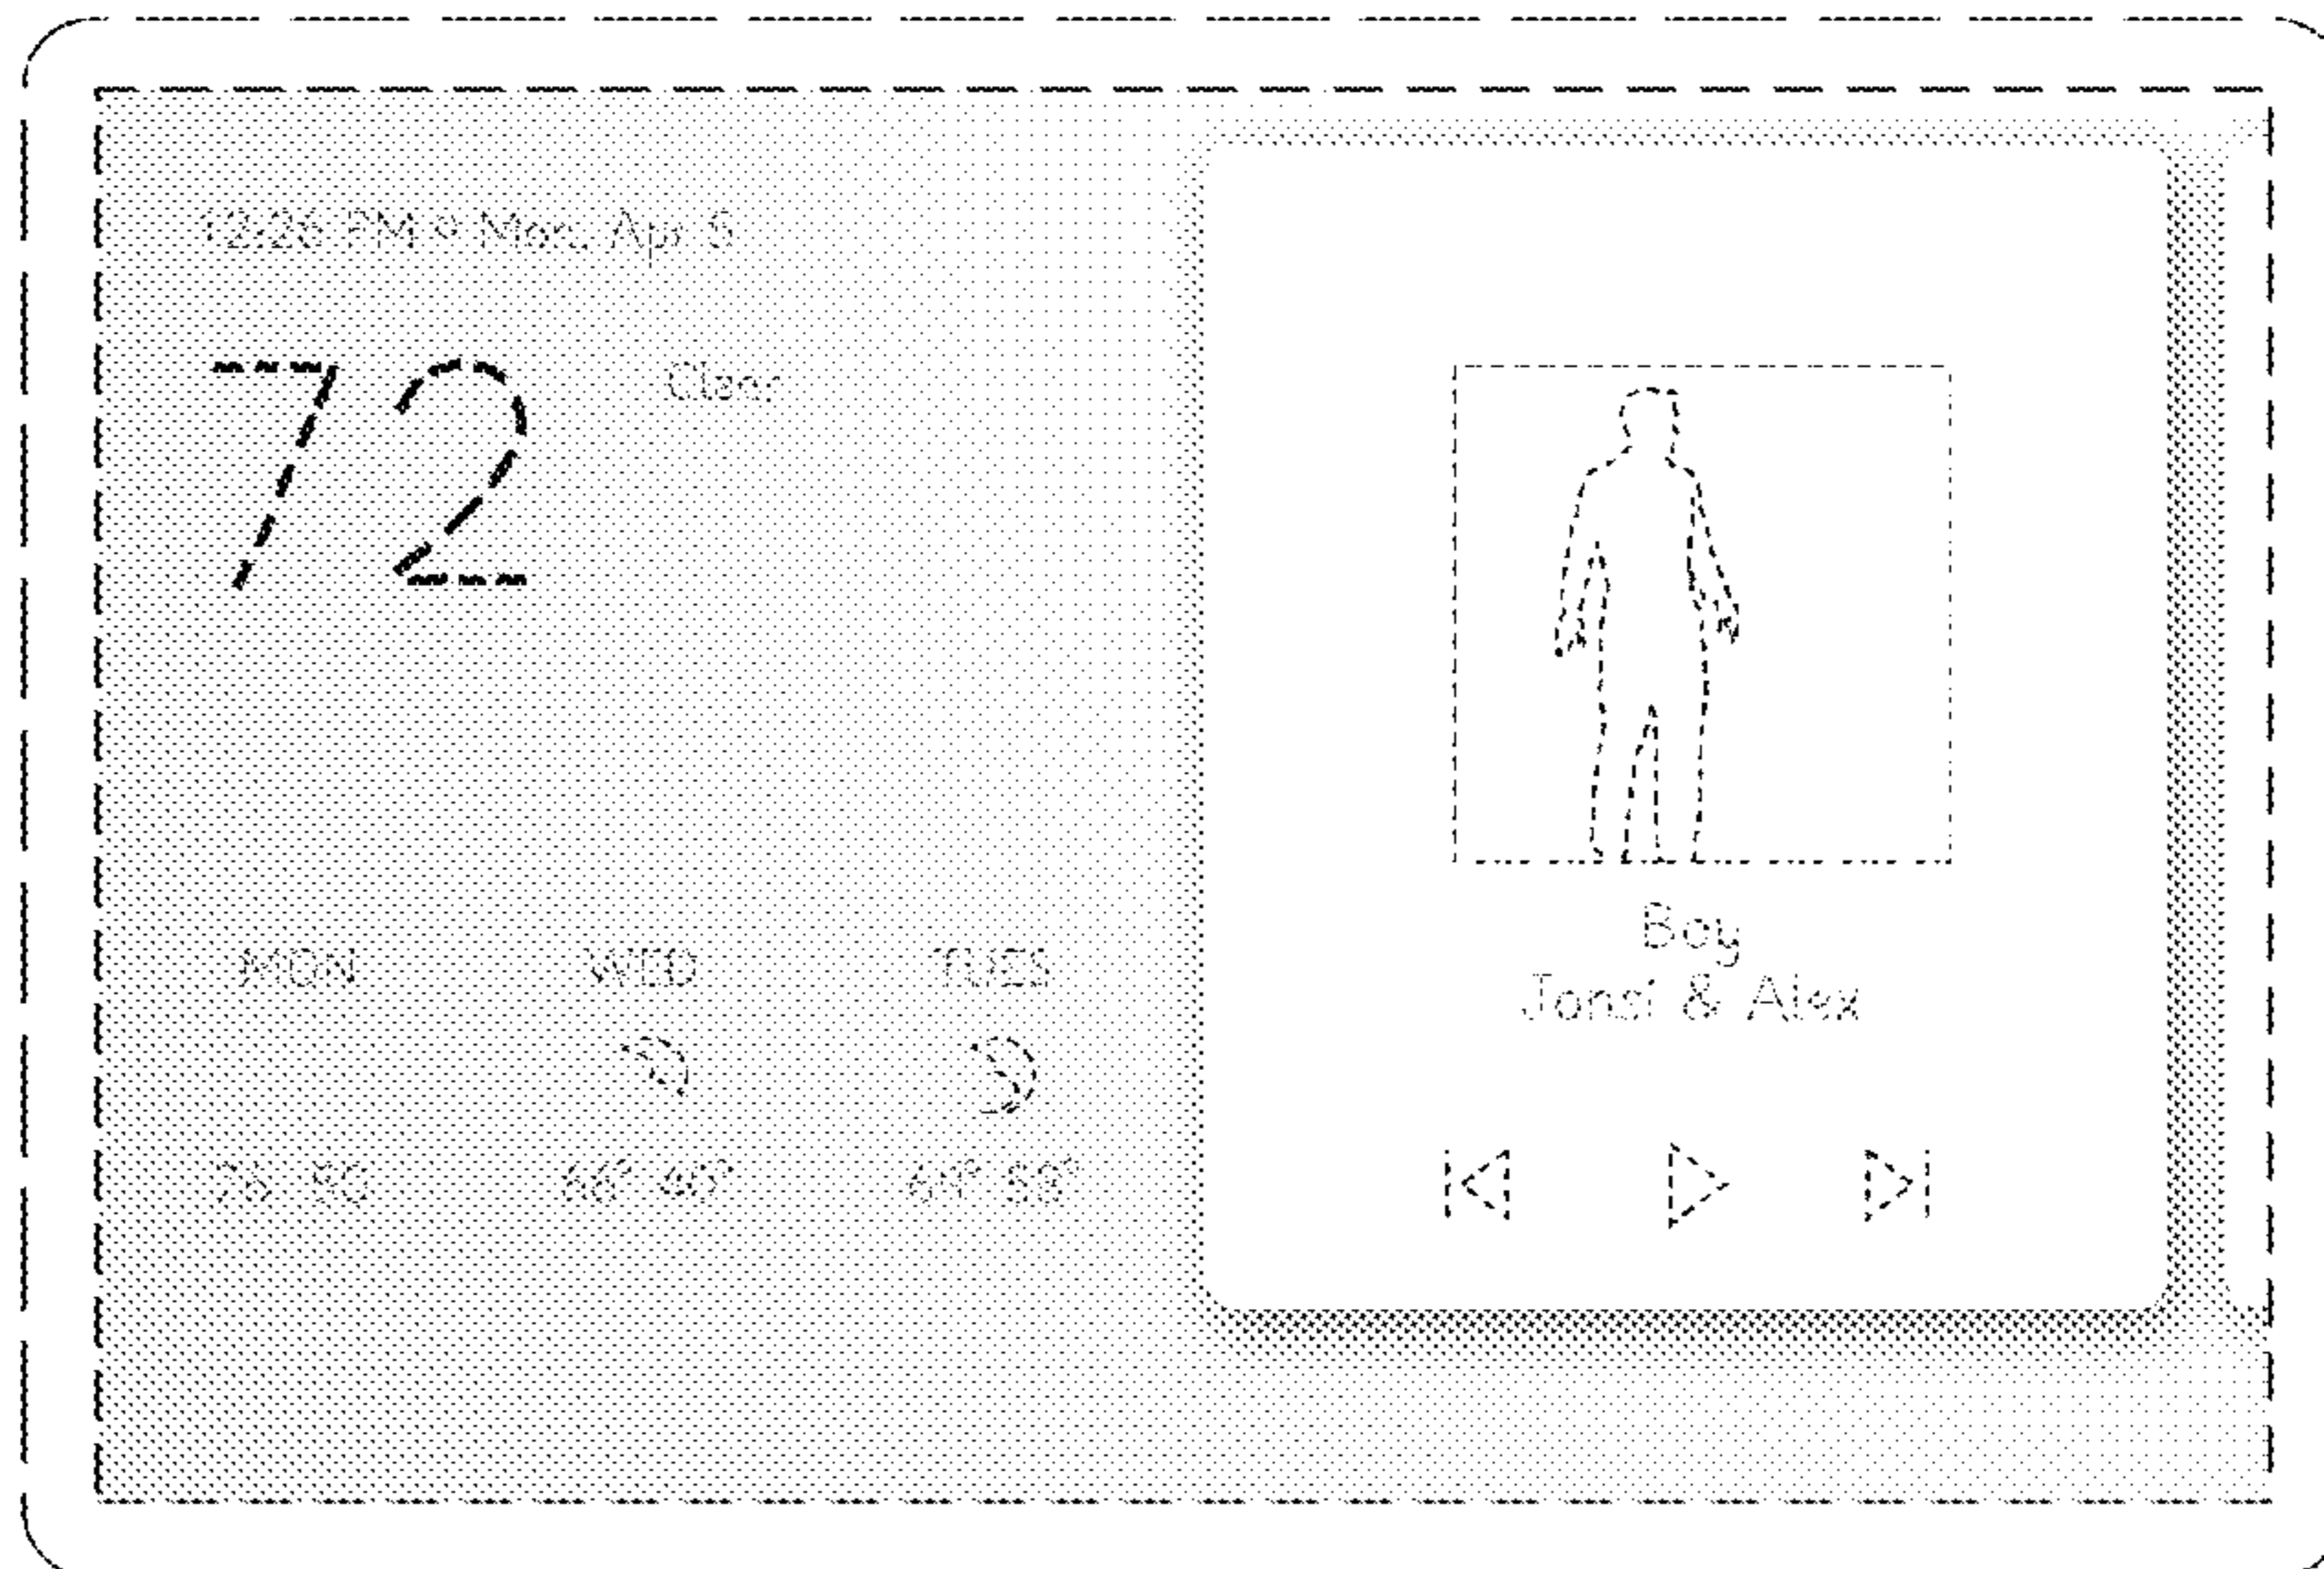

The ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

**DESCRIPTION**

The FIGURE is a front view of a display screen or portion thereof with graphical user interface showing the claimed design.

The shading indicates a contrast in appearance. The longer broken-line showing of a portion of an electronic device and the intermediate-length broken-line showing of a display screen boundary, as well as the features within the interface shown in still shorter broken-lines, are included for the purpose of illustrating environmental structure and form no part of the claimed design.
