(57) **CLAIM**

The ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

DESCRIPTION

The FIGURE is a front view of a display screen or portion thereof with graphical user interface. The outermost broken lines in the figures illustrate a display screen or a portion thereof and form no part of the claimed design. All other broken lines show portions of the graphical user interface and form no part of the claimed design. Grey shading, patterning, or the appearance thereof included in at least the claimed portions of the figure are illustrative of contrast, and are not representative of any particular color, shade, or patterning.
