(57) **CLAIM**

The ornamental design for a trailer underbody fairing, as shown and described.

DESCRIPTION

FIG. **1** is a left side, top, front axonometric view of a trailer underbody fairing for the driver side of the trailer showing our new design;

FIG. **2** is a front elevation view of the trailer underbody fairing of FIG. **1** installed on a trailer;

FIG. **3** is an inverted rear elevation view of the trailer underbody fairing of FIG. **1** installed on a trailer;

FIG. **4** is an enlarged partial view of the trailer underbody fairing of FIG. **1** showing details of an intermediate fairing panel section;

FIG. **5** is an enlarged partial view of the trailer underbody fairing of FIG. **1** showing details of a rearward end fairing panel section;

FIG. **6** is a left side, top, rear axonometric view of a trailer underbody fairing for the passenger side of the trailer showing my new design;

FIG. **7** is an enlarged partial view of the trailer underbody fairing of FIG. **6** showing details of an intermediate fairing panel section; and,

FIG. **8** is an enlarged partial view of the trailer underbody fairing of FIG. **6** showing details of a rearward end fairing panel section.

The broken lines in the figures represent the environment in which the claimed design is used and form no part of the claimed design.
