(57) **CLAIM**

The ornamental design for the display screen with a graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen with a graphical user interface showing our new design; and, FIG. 2 is a close-up view of the inlay therein. The broken lines of uneven length show the display screen and form no part of the claimed design. The broken lines of even length depict portions of the display screen with display screen with a graphical user interface and surrounding environment that forms no part of the claim design.

1 Claim, 2 Drawing Sheets
