(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

The FIGURE is a front view of a display screen with graphical user interface showing our new design. The outermost broken lines showing a display device illustrate environmental subject matter, whereas the broken lines showing a display screen and elements of the graphical user interface illustrate portions of the article. No subject matter depicted in broken lines forms part of the claimed design. Grey shading, patterning, or the appearance thereof included in at least the claimed portions of FIG. 1 are illustrative of contrast, and are not representative of any particular color, shade, or patterning.
