(57) **CLAIM**

The ornamental design for a display screen or portion thereof with graphical user interface, as shown and described in the FIGURE.

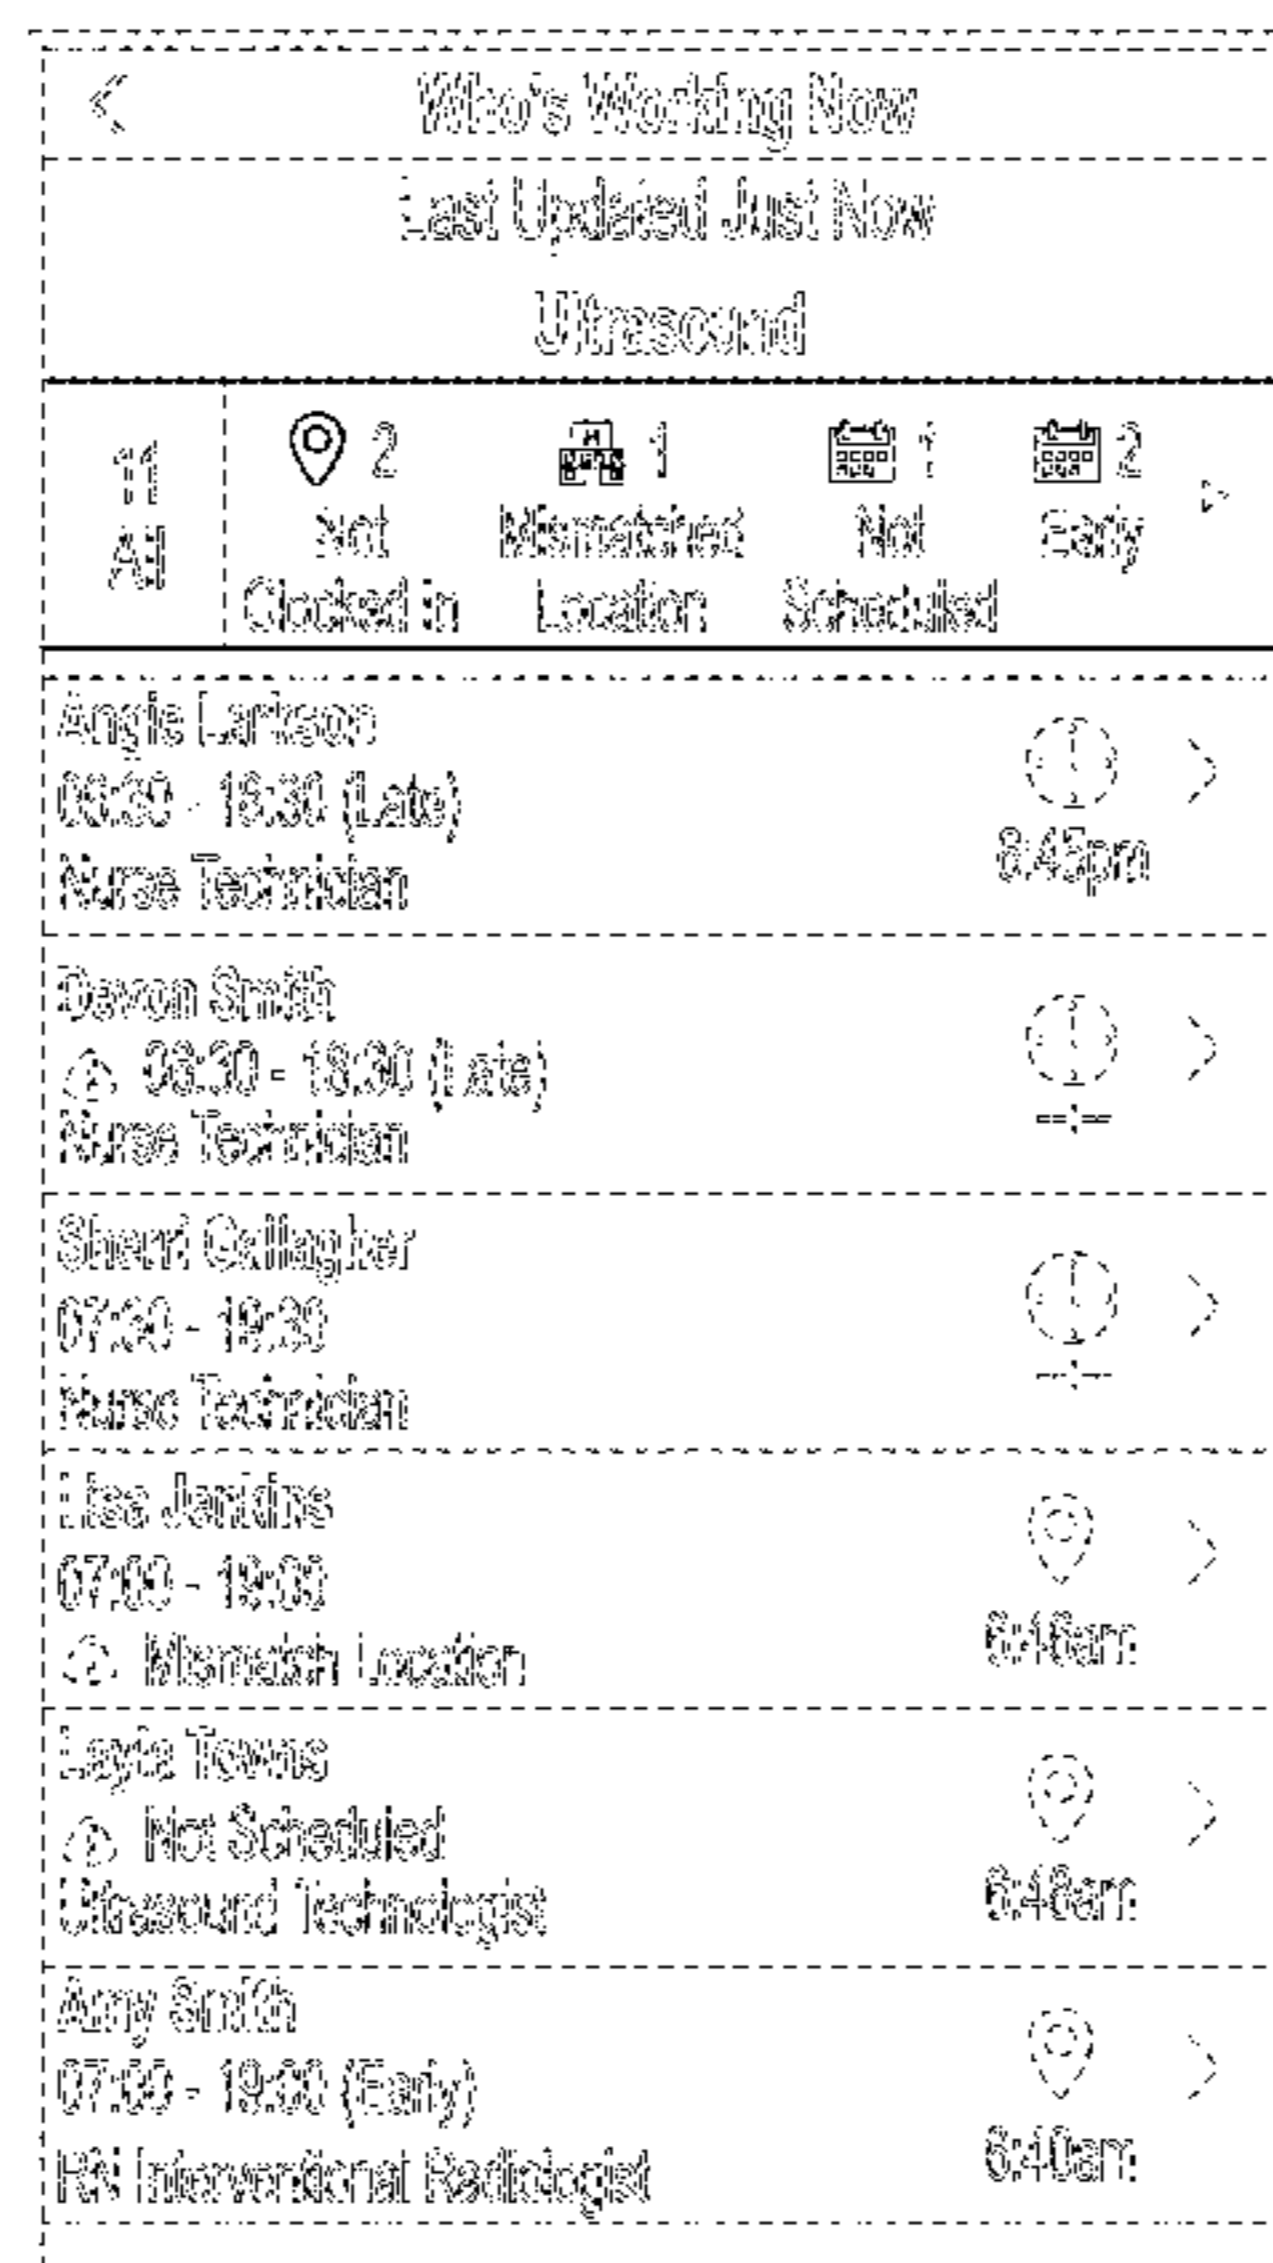

DESCRIPTION

A portion of the disclosure of this patent document contains material which is subject to copyright protection. The copyright owner has no objection to the photocopy or facsimile reproduction by anyone of the patent document for the patent disclosure in exactly the form it appears in the U.S. Patent and Trademark Office patent file or records, but otherwise reserves all copyright rights whatsoever.

The FIGURE is a front view of a display screen or portion thereof with graphical user interface showing our new design.

The outermost broken lines illustrate a display screen or portion thereof and form no part of the claimed design. The remaining broken lines, illustrating portions of the graphical user interface, form no part of the currently claimed design.
