(57) **CLAIM**

The ornamental design for a display screen or portion thereof with graphical user interface for a health management application, as shown and described.

DESCRIPTION

The sole FIGURE is a front view of a display screen or portion thereof with graphical user interface for a health management application showing our new design.

The outermost broken lines in the sole FIGURE show a display screen or portion thereof and form no part of the claimed design. The other broken lines show portions of the graphical user interface and form no part of the claimed design.

1 Claim, 1 Drawing Sheet
