(57) **CLAIM**

We claim the ornamental design for a model vehicle lower suspension arm, as shown and described.

**DESCRIPTION**

FIG. 1 is an upper, left, front perspective view of a model vehicle lower suspension arm;

FIG. 2 is a front elevation view thereof;

FIG. 3 is a rear elevation view thereof;

FIG. 4 is a left side elevation view thereof;

FIG. 5 is a right side elevation view thereof;

FIG. 6 is a top plan view thereof;

FIG. 7 is a bottom plan view thereof;

FIG. 8 is a lower, right, rear perspective view thereof; and,

FIG. 9 is an upper, left, front perspective environmental use view of the model vehicle lower suspension arm.

The broken lines within the body of the claim show portions of a model vehicle lower suspension arm that form no part of the claimed design.

The broken lines in FIG. 9 depict environmental subject matter that form no part of the claimed design.

In the drawings, a first embodiment of the left model vehicle lower suspension arm is shown. It is understood that a second embodiment of the right model vehicle lower suspension arm is a mirror image thereof.
