(57) **CLAIM**

The ornamental design for the dimpled lineal for panel attachment over a window, as shown and described.

DESCRIPTION

The present application is related to U.S. design application Ser. No. 35/001,317, filed Jan. 20, 2017.

FIG. 1 is an upper right side perspective view of the dimpled lineal for panel attachment over a window, according to the present design.

FIG. 2 is a front view thereof; the back view is a mirror image of the front view.

FIG. 3 is a right side view thereof.

FIG. 4 is a left side view thereof.

FIG. 5 is a top view thereof; and,

FIG. 6 is a bottom view thereof.

The broken lines in the figures illustrate environmental subject matter only and form no part of the claimed design.

The dimpled lineal for panel attachment over a window is shown with a symbolic break in its length. The appearance of any portion of the dimpled lineal for panel attachment over a window between the break lines forms no part of the claimed design.
